Baidu, Inc.

Overview

We are the leading Chinese language internet search provider. As a technology-based media company, we aim to provide the best way for people to find information. In addition to serving users, we provide an effective platform for businesses to reach potential customers.

Our Baidu.com website is the largest website in China and the fifth largest website globally, as measured by average daily visitors and page views during the three-month period ended September 30, 2012, according to Alexa.com, an internet analytics firm. We are the most used internet search provider in China, capturing 85.3% of internet search traffic in China in 2011, according to iResearch Consulting Group, a market research firm. Our “Baidu” brand received the highest ranking for an internet brand in China in BrandZ Top50 Most Valuable Chinese Brands 2012, a study of the top 50 most valuable Chinese brands published by Millward Brown Optimor, a brand strategy research firm.

We serve three types of online participants and have achieved significant scale and diversity in our business:

Users. We offer a Chinese language search platform on our Baidu.com website that enables users to find relevant information online, including web pages, news, images, documents and multimedia files, through links provided on our website. Our success to date stems from our focus on superior user experience. We provide a broad range of products and services to enrich user experience and facilitate easy and quick search, including search products, social-networking products, user-generated-content-based knowledge products, location-based products and services, music products, PC client software, mobile related products and services and other products and services. Our products and services can be accessed through PCs and mobile devices.

We aspire to take our user experience to the next level. To this end, we have launched our semantic search engine named Box Computing to deliver interactive, relevant and intuitive user experience. Today, most search results on Baidu.com are produced by Box Computing, which include webpages, third-party applications and content and sponsored links, as well as our own vertical products and websites, such as PostBar, Baidu Knows, Baidu Encyclopedia, Baidu Maps, Baidu Image Search and Video Search, travel site Qunar and video site iQiyi.

Customers. We deliver online marketing services to a diverse customer base operating in a variety of industries. In 2011, we had approximately 488,000 active online marketing customers, as compared to 412,000 in 2010 and 317,000 in 2009. In the nine months ended September 30, 2012, we had approximately 511,000 active online marketing customers. Our online marketing customers consist of small and medium enterprises, or SMEs, throughout China, large domestic companies and Chinese divisions and subsidiaries of large, multinational companies. We reach and serve our customers through our direct sales force as well as a network of third-party

distributors across China. As many of our customers are SMEs, we use distributors to help us identify potential SME customers, collect payments and assist SMEs in setting up accounts with us and using our online marketing services.

Baidu Union Members. Baidu Union consists of a large number of third-party web content and software providers. Baidu Union members can display on their properties our customers' promotional links that match the content of such members' properties. We allow Baidu Union members to provide high-quality and relevant search results to their users without the cost of building and maintaining advanced search capabilities in-house and to monetize their traffic through revenue sharing arrangements with us.

Technology and people are critical to our long-term success:

Technology. We focus on research and development and innovation. To stay at the forefront of the internet industry and to achieve long term growth and success, we expanded the number of our research and development employees from approximately 3,600 as of December 31, 2010 to approximately 6,000 as of December 31, 2011. We have developed a proprietary technological infrastructure consisting of technologies for web search, pay-for-performance, or P4P, targetization and large-scale systems. As internet traffic transitions from PCs to mobile devices, we are determined to create a seamless mobile internet experience for our users and customers and capture the opportunities presented by the PC-to-mobile transition. We believe our established infrastructure, which serves as the backbone for our mobile platform, creates a significant competitive advantage for us.

People. We have a visionary and experienced management team. Under their leadership, we have developed a strong company culture that encourages individual thinking and creativity, continuous self-improvement and strong commitment to providing the best experience to our users and customers. We value our employees and provide abundant opportunities for training, responsibility and career advancement in our organization.

We have a robust business model:

Online Marketing Services. We generate almost all of our revenues from online marketing services, a substantial majority of which are derived from services based on search queries on our P4P platform. Our P4P platform enables customers to bid for priority placement of their links in keyword search results, and provides customers with wide reach, precise targeting capabilities, highly measurable results and superior returns on marketing spending. We generally require our P4P SME customers to pay deposits before using our services and remind them to replenish their accounts when needed. We also provide other forms of online marketing services, including services based on contextuials and users' search behaviors, and display placements.

Revenue, Profit and Cash Flow. We have grown substantially by focusing on the organic growth of our core business, complemented by strategic investments and acquisitions. Our total revenues in 2011 were RMB14.5 billion (US\$2.3 billion), an 83.2% increase over 2010. Our operating profit in 2011 was RMB7.6 billion (US\$1.2 billion), a 91.4% increase over 2010. Our net income attributable to Baidu, Inc. in 2011 was RMB6.6 billion (US\$1.1 billion), an 88.3% increase over 2010. Our total revenues, operating profit and net income attributable to Baidu, Inc. in the nine months ended September 30, 2012 were RMB16.0 billion (US\$2.5 billion), RMB8.2 billion (US\$1.3 billion) and RMB7.7 billion (US\$1.2 billion), representing 59.3%, 55.4% and 67.1% increases from the corresponding period in 2011, respectively. For the nine months ended September 30, 2012, we generated RMB9.2 billion (US\$1.5 billion) net cash from operating activities. As of September 30, 2012, we held a total of RMB21.3 billion (US\$3.4 billion) in cash and cash equivalents and short-term investments.

RISK FACTORS

Prospective purchasers of the Notes should carefully consider the risks described below in this prospectus supplement, in the accompanying prospectus and in the documents incorporated by reference into this prospectus supplement before deciding to purchase any Notes. If any of these risks actually occurs, our business, financial condition and results of operations could suffer, and you may lose all or part of your investment.

Risks Relating to the Notes

The Notes will be structurally subordinated to all obligations of our existing and future subsidiaries and consolidated affiliated entities.

The Notes will not be guaranteed by any of our existing or future subsidiaries and consolidated affiliated entities, who together hold substantially all of our operating assets and conduct substantially all of our business. Our subsidiaries and consolidated affiliated entities will have no obligation, contingent or otherwise, to pay amounts due under the Notes or to make any funds available to pay those amounts, whether by dividend, distribution, loan or other payment. The Notes will be structurally subordinated to all indebtedness and other obligations of our subsidiaries and consolidated affiliated entities such that in the event of insolvency, liquidation, reorganization, dissolution or other winding up of any of our subsidiaries or consolidated affiliated entities, all of that subsidiary's or consolidated affiliated entity's creditors (including trade creditors) and any holders of preferred stock or shares would be entitled to payment in full out of that subsidiary's or consolidated affiliated entity's assets before any remaining assets would be available to Baidu, Inc. to make payments due on the Notes.

In addition, the indenture governing the Notes will, subject to some limitations, permit these subsidiaries and consolidated affiliated entities to incur additional obligations and will not contain any limitation on the amount of indebtedness or other liabilities, such as trade payables, that may be incurred by these subsidiaries and consolidated affiliated entities.

The indenture does not restrict the amount of additional debt that we may incur.

The Notes and the indenture under which the Notes will be issued do not limit the amount of unsecured debt that may be incurred by us or our subsidiaries or consolidated affiliated entities, and they permit us and certain of our subsidiaries and consolidated affiliated entities to incur secured debt without equally and ratably securing the Notes under specified circumstances. As of September 30, 2012, our total debt was US\$444.8 million, primarily consisting of the current portion of long-term loans. Our and our subsidiaries' and consolidated affiliated entities' incurrence of additional debt may have important consequences for you as a holder of the Notes, including making it more difficult for us to satisfy our obligations with respect to the Notes, a loss in the market value of your Notes and a risk that the credit rating of the Notes is lowered or withdrawn.

The Notes will be effectively subordinated to any of our secured obligations to the extent of the value of the property securing those obligations.

The Notes will not be secured by any of our assets. As a result, the Notes will be effectively subordinated to our existing and future secured obligations with respect to the assets that secure those obligations. The effect of this subordination is that upon a default in payment on, or the acceleration of, any of our secured obligations, or in the event of our bankruptcy, insolvency, liquidation, dissolution or reorganization, the proceeds from the sale of assets securing our secured obligations will be available to pay obligations on the Notes only after all such secured obligations have been paid in full. As a result, the holders of the Notes may receive less, ratably, than the holders of secured debt in the event of our bankruptcy, insolvency, liquidation, dissolution or reorganization.

We may not be able to repurchase the Notes upon a Change of Control.

Upon the occurrence of a Change of Control described in “Description of the Notes—Repurchase Upon Change of Control,” we will be required to offer to repurchase all outstanding Notes at 101% of their principal amount, plus accrued and unpaid interest, if any, to (but not including) the date of repurchase. The source of funds for any purchase of the Notes would be our available cash or cash generated from our subsidiaries’ or consolidated affiliated entities’ operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the Notes upon a Change of Control because we may not have sufficient financial resources to purchase all of the debt securities that are tendered upon a Change of Control and repay our other indebtedness that may become due. We may require additional financing from third parties to fund any such purchases, and we may be unable to obtain financing on satisfactory terms or at all. Further, our ability to repurchase the Notes may be limited by law. In order to avoid the obligations to repurchase the Notes, we may have to avoid certain Change of Control transactions that would otherwise be beneficial to us.

Holder of the Notes may not be able to determine when a Change of Control giving rise to their right to have the Notes repurchased has occurred following a sale of “substantially all” of our assets.

The definition of Change of Control in the indenture that will govern the Notes includes a phrase relating to the sale of “all or substantially all” of our assets. There is no precise established definition of the phrase “substantially all” under New York law. Accordingly, the ability of a holder of the Notes to require us to repurchase its Notes as a result of a sale of less than all our assets to another person may be uncertain.

The terms of the indenture and the Notes provide only limited protection against significant corporate events that could adversely impact your investment in the Notes.

While the indenture and the Notes contain terms intended to provide protection to holders of the Notes upon the occurrence of certain events involving significant corporate transactions, these terms are limited and may not be sufficient to protect your investment in the Notes. For example, some important corporate events, such as leveraged recapitalizations, may not, under the indenture that will govern the Notes, constitute a Change of Control that would require us to repurchase the Notes, even though those corporate events could increase the level of our indebtedness or otherwise adversely affect our capital structure, credit ratings or the value of the Notes. See “Description of the Notes—Repurchase Upon Change of Control.”

The indenture for the Notes also does not:

- require us to maintain any financial ratios or specific levels of net worth, revenue, income, cash flows or liquidity;
- limit our ability to incur obligations that are equal in right of payment to the Notes;
- restrict our subsidiaries’ or consolidated affiliated entities’ ability to issue unsecured securities or otherwise incur unsecured obligations that would be senior to our equity interests in our subsidiaries or consolidated affiliated entities and therefore rank effectively senior to the Notes;
- limit the ability of our subsidiaries or consolidated affiliated entities to service indebtedness;
- restrict our ability to repurchase or prepay any other of our securities or other obligations;
- restrict our ability to make investments or to repurchase or pay dividends or make other payments in respect of our shares or other securities ranking junior to the Notes; or
- limit our ability to sell, merge or consolidate any of our subsidiaries or consolidated affiliated entities.

As a result of the foregoing, when evaluating the terms of the Notes, you should be aware that the terms of the indenture and the Notes do not restrict our ability to engage in, or to otherwise be a party to, a variety of corporate transactions, circumstances and events that could have an adverse impact on your investment in the Notes.

An active trading market for the Notes may not develop, and the trading price of the Notes could be materially and adversely affected.

The Notes are a new issue of securities for which there is currently no trading market. Approval-in-principle has been obtained for the listing and quotation of the Notes on the SGX-ST. However, there can be no assurance that we will be able to maintain such listing or that an active trading market will develop. If no active trading market develops, you may not be able to resell your Notes at their fair market value, or at all. Future trading prices of the Notes will depend on many factors, including prevailing interest rates, our operating results and the market for similar securities. We have been advised that the underwriters intend to make a market in the Notes, but the underwriters are not obligated to do so and may discontinue such market making activity at any time without notice. Therefore there can be no assurance that an active trading market for the Notes will develop or be sustained. If an active trading market for the Notes does not develop or is not maintained, the market price and liquidity of the Notes may be adversely affected. In addition, the Notes may trade at prices that are higher or lower than the price at which the Notes have been issued. The price at which the Notes trade depends on many factors, including:

- prevailing interest rates and interest rate volatility,
- our results of operations, financial condition and future prospects,
- changes in our industry and competition,
- the market conditions for similar securities and
- general economic conditions,

almost all of which are beyond our control. As a result, there can be no assurance that you will be able to resell the Notes at attractive prices or at all.

We may be deemed a PRC “resident enterprise” under PRC tax laws, which could subject interest on the Notes to PRC withholding tax and gains on the transfer of the Notes to PRC income tax and could, under certain circumstances, permit us to redeem the Notes.

If we are considered a PRC resident enterprise under the PRC Enterprise Income Tax Law, holders of Notes who are non-resident enterprises may be subject to PRC withholding tax on interest payable by us and PRC income tax on any gains realized from the transfer of Notes, if such income is considered to be derived from sources within the PRC, at a rate of 10% (or lower rate if available under an applicable tax treaty), provided that (i) such foreign enterprise investor has no establishment or premises in the PRC, or (ii) it has an establishment or premises in the PRC but its income derived from the PRC has no real connection with such establishment or premises. Furthermore, if we are considered a PRC resident enterprise and relevant PRC tax authorities consider interest we pay with respect to the Notes and any gains realized from the transfer of Notes to be income derived from sources within the PRC, such interest and gains earned by non-resident individuals may be subject to PRC individual income tax at a rate of 20% (or lower rate if available under an applicable tax treaty).

If we were deemed a PRC resident enterprise under the PRC Enterprise Income Tax Law and required to withhold tax on interest on the Notes, we would be required to pay additional amounts as described under “Description of Debt Securities—Payment of Additional Amounts” in the accompanying prospectus. As described under “Description of Debt Securities—Tax Redemption” in the accompanying prospectus, we may redeem the Notes in whole at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest if such requirement to pay additional amounts results from a change in law (or a change in the official application or interpretation of law).

Redemption may adversely affect your return on the Notes.

We have the right to redeem some or all of the Notes prior to maturity. We may redeem the Notes at times when prevailing interest rates are relatively low. Accordingly, you may not be able to reinvest the amount received upon redemption in a comparable security at an effective interest rate as high as that of the Notes.

Our credit ratings may not reflect all risks of your investments in the Notes.

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the Notes. These credit ratings may not reflect the potential impact of risks relating to the structure or marketing of the Notes. Agency ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization. Each agency's rating should be evaluated independently of any other agency's rating.

(1) To supplement our consolidated financial results presented in accordance with U.S. GAAP, we use adjusted EBITDA, a non-GAAP financial measure, in evaluating our performance and liquidity. We define adjusted EBITDA as earnings before interest, taxes, depreciation, amortization, other non-operating income and share-based compensation expenses. The presentation of this non-GAAP financial measure is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with U.S. GAAP. In addition, our adjusted EBITDA may not be comparable to EBITDA, adjusted EBITDA or similarly titled measures utilized by other companies since such other companies may not calculate this non-GAAP financial measure in the same manner as we do.

We believe that adjusted EBITDA provides meaningful supplemental information regarding our performance and liquidity by excluding certain expenses, particularly share-based compensation expenses, that may not be indicative of our operating performance or financial condition from a cash perspective. We believe that both our management and investors benefit from referring to this non-GAAP financial measure in assessing our performance and when planning and forecasting future periods. This non-GAAP financial measure also facilitates our management's internal comparisons to our historical performance and liquidity. We have computed adjusted EBITDA using the same consistent method from quarter to quarter since April 1, 2006. We believe that this non-GAAP financial measure is useful to investors in allowing for greater transparency with respect to supplemental information used by our management in its financial and operational decision making. A limitation of using adjusted EBITDA is that this non-GAAP measure excludes interest, taxes, depreciation, amortization and share-based compensation charges that have been and will continue to be for the foreseeable future significant expense items in our results of operations. Another limitation of using adjusted EBITDA is that it does not include all items that impact our net cash provided by operating activities for the period. Our management compensates for these limitations by providing specific information regarding the GAAP amounts excluded from adjusted EBITDA.

The accompanying table sets out our adjusted EBITDA for each period shown, together with a reconciliation between adjusted EBITDA and the most directly comparable U.S. GAAP financial measure, net cash provided by operating activities. The U.S. dollar figures for 2011 are calculated using the same convenience translation rate of RMB6.2939 to US\$1.00 that is used in our audited consolidated financial statements as of and for the year ended December 31, 2011.

Set forth below is a discussion of our unaudited statements of comprehensive income data for the nine months ended September 30, 2011 and 2012. The discussion of our audited financial information for the three years ended December 31, 2011 and as of December 31, 2010 and 2011 is set forth in "Item 5. Operating and Financial Review and Prospectus" in our 2011 Form 20-F, which is incorporated herein by reference.

Nine Months Ended September 30, 2012 Compared to Nine Months Ended September 30, 2011

Revenues. Our total revenues increased by 59.3% from RMB10.0 billion in the nine months ended September 30, 2011 to RMB16.0 billion (US\$2.5 billion) in the nine months ended September 30, 2012. This increase was due to a substantial increase in our revenues from online marketing services. Our online marketing revenues increased by 59.2% from RMB10.0 billion in the nine months ended September 30, 2011 to RMB16.0 billion (US\$2.5 billion) in the nine months ended September 30, 2012. This increase was mainly attributable to the increase in the number of our online marketing customers from approximately 421,000 in the nine months ended September 30, 2011 to over 511,000 in the nine months ended September 30, 2012, and the increase in the average revenue per customer from approximately RMB23,800 in the nine months ended September 30, 2011 to approximately RMB31,200 (US\$4,964) in the nine months ended September 30, 2012. The increase in our online marketing customers was mainly due to our effective distribution network and our expanded direct sales, especially in Beijing, Shanghai, Guangzhou, Shenzhen and Dongguan. The increase in the average revenue per customer was primarily attributable to the increase in the number of paid clicks and the higher price per click as more customers participated in our P4P auction platform. The number of paid clicks increased by approximately 29.4% from the nine months ended September 30, 2011 to the nine months ended September 30, 2012.

Operating Costs and Expenses. Our total operating costs and expenses increased by 63.6% from RMB4.7 billion in the nine months ended September 30, 2011 to RMB7.8 billion (US\$1.2 billion) in the nine months ended September 30, 2012. This increase was primarily due to the expansion of our business.

- **Cost of Revenues.** Our cost of revenues increased by 67.7% from RMB2.7 billion in the nine months ended September 30, 2011 to RMB4.5 billion (US\$708.9 million) in the nine months ended September 30, 2012. This increase was primarily due to the following factors:
 - **Traffic Acquisition Costs.** Our traffic acquisition costs increased by 65.0% from RMB801.8 million in the nine months ended September 30, 2011 to RMB1.3 billion (US\$210.5 million) in the nine months ended September 30, 2012. Traffic acquisition costs represent 8.3% of total revenues in the nine months ended September 30, 2012, compared to 8.0% in the nine months ended September 30, 2011. The increase in our traffic acquisition costs was primarily due to the growth of revenue contribution from Baidu Union members in the nine months ended September 30, 2012.
 - **Bandwidth Costs and Depreciation Expenses.** Our bandwidth costs increased by 68.6% from RMB434.2 million in the nine months ended September 30, 2011 to RMB732.1 million (US\$116.5 million) in the nine months ended September 30, 2012. Our depreciation expenses of servers and other equipment increased by 72.6% from RMB443.0 million in the nine months ended September 30, 2011 to RMB764.4 million (US\$121.6 million) in the nine months ended September 30, 2012. The absolute increases in these costs were due to the expansion of our business as we continued to invest in servers and network infrastructure.
 - **Sales Tax and Surcharges.** Our sales tax and surcharges increased by 62.0% from RMB697.2 million in the nine months ended September 30, 2011 to RMB1.1 billion (US\$179.8 million) in the nine months ended September 30, 2012, primarily as a result of the increase in our revenues from online marketing services.
 - **Operational Costs.** Our operational costs increased by 82.0% from RMB274.7 million in the nine months ended September 30, 2011 to RMB500.1 million (US\$79.6 million) in the nine months ended September 30, 2012, primarily due to the increase of staff-related costs and the amortization of acquired intangible assets.
- **Selling, General and Administrative Expenses.** Our selling, general and administrative expenses increased by 46.0% from RMB1.2 billion in the nine months ended September 30, 2011 to RMB1.7 billion (US\$271.9 million) in the nine months ended September 30, 2012. This increase was primarily due to the following factors:
 - Total salaries and benefits and staff-related expenses increased by 42.8% from RMB608.1 million in the nine months ended September 30, 2011 to RMB868.4 million (US\$138.2 million) in the

nine months ended September 30, 2012, primarily due to the increased direct sales commission and headcount to support our expanded online marketing services.

- Marketing and promotion expenses increased by 53.9% from RMB243.2 million in the nine months ended September 30, 2011 to RMB374.3 million (US\$59.5 million) in the nine months ended September 30, 2012, primarily due to the increased marketing and promotion activities.
- Total office operating expenses increased by 31.4% from RMB104.5 million in the nine months ended September 30, 2011 to RMB137.3 million (US\$21.9 million) in the nine months ended September 30, 2012, primarily as a result of increase and expansion of our offices.
- Total traveling, communication and business development expenses increased by 59.1% from RMB42.8 million in the nine months ended September 30, 2011 to RMB68.1 million (US\$10.8 million) in the nine months ended September 30, 2012, primarily due to the increased headcount and activities to support our expanded online marketing services.
- Share-based compensation expenses allocated to selling, general and administrative expenses increased by 39.6% from RMB35.9 million in the nine months ended September 30, 2011 to RMB50.1 million (US\$8.0 million) in the nine months ended September 30, 2012.
- *Research and Development Expenses.* Our research and development expenses increased by 74.1% from RMB920.7 million in the nine months ended September 30, 2011 to RMB1.6 billion (US\$255.1 million) in the nine months ended September 30, 2012, primarily due to an increase in the number of research and development staff.

Operating Profit. As a result of the foregoing, we generated an operating profit of RMB8.2 billion (US\$1.3 billion) in the nine months ended September 30, 2012, a 55.4% increase from RMB5.3 billion in the nine months ended September 30, 2011.

Other Income, Net, Including Exchange Gains or Losses. Our other income, net, including exchange gains or losses was RMB72.2 million (US\$11.5 million) in the nine months ended September 30, 2012, compared to RMB52.9 million in the nine months ended September 30, 2011, primarily due to the increase of government subsidies received in 2012.

Loss From Equity Method Investments. Our loss from equity method investments increased from RMB171.6 million in the nine months ended September 30, 2011 to RMB172.5 million (US\$27.4 million) in the nine months ended September 30, 2012.

Taxation. Our income tax expenses increased by 31.9% from RMB784.4 million in the nine months ended September 30, 2011 to RMB1.0 billion (US\$164.6 million) in the nine months ended September 30, 2012, primarily due to the significant increase in profit before tax in the nine months ended September 30, 2012, offset in part by a refund in connection with the over-accrual of provisional tax which resulted from a preferential tax rate granted to one of our PRC subsidiaries by the local tax bureau.

Net Income Attributable to Baidu, Inc. As a result of the foregoing, net income attributable to Baidu, Inc. increased by 67.1% from RMB4.6 billion in the nine months ended September 30, 2011 to RMB7.7 billion (US\$1.2 billion) in the nine months ended September 30, 2012.

Cash Flows and Working Capital

As of September 30, 2012, we had RMB21.3 billion (US\$3.4 billion) in cash, cash equivalents and short-term investments.

[Table of Contents](#)

The following table sets forth a summary of our cash flows for the periods indicated.

	For the Nine Months Ended September 30,		
	2011	2012	
	RMB	RMB	US\$
		(In thousands)	
Net cash generated from operating activities	4,821,029	9,186,336	1,461,676
Net cash used in investing activities	(9,141,469)	(10,680,327)	(1,699,390)
Net cash generated from (used in) financing activities	2,414,439	(54,964)	(8,746)
Effect of exchange rate changes on cash and cash equivalents	(7,409)	(4,367)	(695)
Net increase (decrease) in cash and cash equivalents	(1,913,410)	(1,553,322)	(247,155)
Cash and cash equivalents at beginning of the period	7,781,976	4,127,482	656,740
Cash and cash equivalents at end of the period	5,868,566	2,574,160	409,585

Net cash generated from operating activities increased to RMB9.2 billion (US\$1.5 billion) in the nine months ended September 30, 2012 from RMB4.8 billion in the nine months ended September 30, 2011. This increase was mainly attributable to several factors, including (1) our substantial increase in net income to RMB7.6 billion (US\$1.2 billion) in the nine months ended September 30, 2012 from RMB4.6 billion in the nine months ended September 30, 2011; and (2) the effects of the increase in other assets of RMB890.2 million in the nine months ended September 30, 2011, as compared to the decrease in other assets of RMB78.4 million (US\$12.5 million) in the nine months ended September 30, 2012. The increase in other assets in the nine months ended September 30, 2011 mainly represents an increase in entrusted loans to certain financial institutions.

Net cash used in investing activities increased from RMB9.1 billion in the nine months ended September 30, 2011 to RMB10.7 billion (US\$1.7 billion) in the nine months ended September 30, 2012, primarily due to the purchase of short-term investments, the acquisition of fixed assets and the purchase of long-term investments, partially offset by a decrease in cash used in the acquisition of businesses. The net cash outflow in the purchases and sales and maturities of short-term investments in the nine months ended September 30, 2012 was RMB8.1 billion (US\$1.3 billion).

Net cash flow used in financing activities was RMB55.0 million (US\$8.7 million) in the nine months ended September 30, 2012, compared to a net cash flow generated from financing activities of RMB2.4 billion in the nine months ended September 30, 2011. The difference was primarily attributable to the proceeds from long-term loans of RMB2.3 billion in the nine months ended September 30, 2011, as we had nil proceeds from long-term loans in the nine months ended September 30, 2012.

Capital Expenditures

We made capital expenditures, consisting of acquisitions of fixed assets, of RMB1.5 billion (US\$242.6 million) in the nine months ended September 30, 2012, representing 9.5% of our total revenues, as compared to RMB1.3 billion in the nine months ended September 30, 2011, representing 12.6% of our total revenues. Our capital expenditures in this period were primarily due to the purchase of servers, network equipment and other computer hardware to increase our network infrastructure capacity. We funded our capital expenditures primarily with net cash flow generated from operating activities.

[Table of Contents](#)

Our capital expenditures may increase in the future as our business continues to grow, in connection with the expansion and improvement of our network infrastructure, and our plan to build additional office complexes and cloud computing based data centers. We currently plan to fund these expenditures with cash flow generated from our operating activities.

Recent Announcements

We have recently entered into a definitive agreement with Providence Equity Partners, or PEP, to purchase shares of Qiyi.com, Inc. held by PEP. Qiyi.com, Inc. is our equity investee. We expect the transaction to close in the fourth quarter of 2012, subject to customary closing conditions. Upon completion of the transaction, we will hold a substantial majority stake in Qiyi.com, Inc. and consolidate it into our financial statements. This transaction does not meet the significance tests under Rule 3-05 of Regulation S-X under the Securities Act.

USE OF PROCEEDS

We estimate that the net proceeds (after underwriting discounts and commissions and estimated net offering expenses) from the sale of the Notes will be approximately US\$1,491.6 million. We plan to use approximately US\$1,141.6 million of the net proceeds from the sale of the Notes for general corporate purposes and approximately US\$350.0 million to retire amounts outstanding under the credit facility dated July 14, 2011, of which US\$200.0 million is owed and will be repaid to Australia and New Zealand Banking Group Limited, one of the underwriters of this offering. The effective interest rate of the debt to be retired (including bank charges) is 1.87% and such debt is scheduled to mature in July 2013.

EXCHANGE RATE INFORMATION

Our business is primarily conducted in China and almost all of our revenues are denominated in RMB. The conversion of RMB into U.S. dollars in this prospectus supplement is based on the noon buying rate in New York City for cable transfers in RMB as certified for customs purposes by the Federal Reserve Board. Except as otherwise stated in this prospectus supplement, all amounts in this prospectus supplement that are not recorded in our audited consolidated financial statements have been translated from RMB to U.S. dollars and from U.S. dollars to RMB at a rate of RMB6.2848 to US\$1.00, the noon buying rate in effect as of September 28, 2012. All amounts in this prospectus supplement that are recorded in our audited consolidated financial statements have been translated from RMB to U.S. dollars and from U.S. dollars to RMB at a rate of RMB6.2939 to US\$1.00, the noon buying rate in effect as of December 30, 2011. We make no representation that any RMB or U.S. dollar amounts could have been, or could be, converted into U.S. dollars or RMB, as the case may be, at any particular rate, or at all. The PRC government imposes control over its foreign currency reserves in part through direct regulation of the conversion of RMB into foreign exchange and through restrictions on foreign trade. On November 16, 2012, the noon buying rate was RMB6.2354 to US\$1.00.

The following table sets forth information concerning exchange rates between the RMB and the U.S. dollar for the periods indicated.

DESCRIPTION OF THE NOTES

The following description is only a summary of the material terms of the Notes and does not purport to be complete. The Notes will be issued under and governed by an indenture to be dated as of November 28, 2012, as supplemented by the first supplemental indenture to be dated as of November 28, 2012 (as so supplemented, the “indenture”), between us and The Bank of New York Mellon, as trustee (the “trustee”). The following description of certain material terms of the Notes is subject to, and is qualified in its entirety by reference to, the indenture, including definitions of specified terms used in the indenture, and to the Trust Indenture Act of 1939, as amended. We urge you to read the indenture because it, and not this description, defines your rights as a beneficial holder of the Notes. A form of the indenture has been filed as an exhibit to the registration statement of which this prospectus supplement and the accompanying prospectus form a part. You may also request copies of the indenture from us at our address set forth under “Where You Can Find More Information” in the accompanying prospectus. This summary supplements the description of the debt securities in the accompanying prospectus and, to the extent it is inconsistent, replaces the description in the accompanying prospectus.

In this description, references to the “Company,” “we,” “us” or “our” mean Baidu, Inc. only and do not include any of our subsidiaries or consolidated affiliated entities, unless the context otherwise requires.

General

The 2017 Notes and the 2022 Notes will each constitute a series of securities under the indenture. The 2017 Notes will initially be issued in an aggregate principal amount of US\$750,000,000 and will mature on November 28, 2017 and the 2022 Notes will initially be issued in an aggregate principal amount of US\$750,000,000 and will mature on November 28, 2022, unless the 2017 Notes or the 2022 Notes, as the case may be, are redeemed prior to their maturity pursuant to the indenture and the respective terms thereof. The 2017 Notes will bear interest at the rate of 2.250% per annum and the 2022 Notes will bear interest at the rate of 3.500% per annum. Interest on the Notes will accrue from November 28, 2012 and will be payable semi-annually in arrears on May 28 and November 28 of each year, beginning on May 28, 2013, to the persons in whose names the Notes are registered at the close of business on the preceding May 13 and November 13, respectively, which we refer to as the record dates. At maturity, the Notes are payable at their principal amount plus accrued and unpaid interest thereon. In any case where the payment of principal of, premium (if any) or interest on the Notes is due on a date that is not a Business Day (as defined under the heading “Optional Redemption” below), then payment of principal of, premium (if any) or interest on the Notes, as the case may be, shall be made on the next succeeding Business Day and no interest shall accrue with respect to such payment for the period from and after such date that is not a Business Day to such next succeeding Business Day. Interest shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

The Notes shall be denominated in minimum principal amounts of US\$200,000 and in integral multiples of US\$1,000 in excess thereof. The Notes will be issued in global registered form.

Ranking

The Notes will be our senior unsecured obligations issued under the indenture. The Notes will rank senior in right of payment to all of our existing and future obligations expressly subordinated in right of payment to the Notes and rank at least equal in right of payment with all of our existing and future unsecured and unsubordinated obligations (subject to any priority rights pursuant to applicable law). However, the Notes will be effectively subordinated to all of our existing and future secured obligations, to the extent of the value of the assets serving as security therefor, and be structurally subordinated to all existing and future obligations and other liabilities of our Controlled Entities.

Issuance of Additional Notes

We may, from time to time, without the consent of the holders of the Notes, create and issue additional Notes having the same terms and conditions as any series of Notes in all respects (or in all respects except for the

[Table of Contents](#)

issue date, the issue price and the first payment of interest). Additional Notes issued in this manner will be consolidated with the previously outstanding Notes of the relevant series to constitute a single series of Notes. We will not issue any additional Notes with the same CUSIP, ISIN or other identifying number as the Notes of that series offered hereby unless the additional Notes are fungible with the outstanding Notes of that series for U.S. federal income tax purposes.

Optional Redemption

We may, at any time upon giving not less than 30 nor more than 60 days' notice to holders of the relevant series of Notes (which notice shall be irrevocable), redeem that series of the Notes, in whole or in part, at a redemption amount equal to the greater of:

- 100% of the principal amount of the applicable Notes to be redeemed; and
- the make whole amount, which means the amount determined on the fifth Business Day before the redemption date equal to the sum of (i) the present value of the principal amount of the applicable Notes to be redeemed, assuming a scheduled repayment thereof on the stated maturity date, plus (ii) the present value of the remaining scheduled payments of interest to and including the stated maturity date, in each case discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months and, in the case of an incomplete month, the actual number of days elapsed) at the Treasury Yield plus 20 basis points in the case of the 2017 Notes and 30 basis points in the case of the 2022 Notes,

plus, in each case, accrued and unpaid interest, if any, to, but not including, the redemption date; provided that the principal amount of a Note remaining outstanding after redemption in part shall be US\$200,000 or an integral multiple of US\$1,000 in excess thereof.

“Business Day” means a day other than a Saturday, Sunday or a day on which banking institutions or trust companies in The City of New York, Hong Kong or Beijing are authorized or obligated by law, regulation or executive order to remain closed.

“Comparable Treasury Issue” means the United States Treasury security selected by an Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes to be redeemed.

“Comparable Treasury Price” means, with respect to any redemption date, (1) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (2) if we obtain fewer than three such Reference Treasury Dealer Quotations, the average of all quotations obtained.

“Independent Investment Banker” means one of the Reference Treasury Dealers appointed by us.

“Reference Treasury Dealer” means each of any three investment banks of recognized standing that is a primary U.S. government securities dealer in the United States, selected by us in good faith.

“Reference Treasury Dealer Quotation” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us by such Reference Treasury Dealer as of 5:00 p.m., New York City time, on the fifth Business Day before such redemption date.

“Treasury Yield” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the fifth Business Day before such redemption date) of the

[Table of Contents](#)

Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The notice of redemption will be mailed at least 30 but not more than 60 days before the redemption date to each holder of record of the Notes to be redeemed at its registered address. The notice of redemption for the Notes will state, among other things, the amount of Notes to be redeemed, the redemption date, the manner in which the redemption price will be calculated and the place or places that payment will be made upon presentation and surrender of Notes to be redeemed. Unless we default in the payment of the redemption price, interest will cease to accrue on any Notes that have been called for redemption at the redemption date. If less than all of the Notes are to be redeemed, the trustee will select the Notes to be redeemed either pro rata, by lot or in such other manner as the trustee deems appropriate, subject to the procedures of DTC.

Repurchase Upon Change of Control

If a Change of Control occurs, unless we have exercised our right to redeem the Notes of the relevant series as described under the heading “Description of Debt Securities—Tax Redemption” in the accompanying prospectus or under the heading “Optional Redemption” above, we will be required to make an offer to repurchase all or, at the holder’s option, any part (equal to US\$200,000 or multiples of US\$1,000 in excess thereof), of each holder’s Notes pursuant to the offer described below (the “Change of Control Offer”) on the terms set forth in the indenture and the Notes of the relevant series. In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest, if any, on the Notes repurchased to, but not including, the date of purchase (the “Change of Control Payment”).

Within 30 days following any Change of Control, we will be required to mail a notice to holders of the Notes, with a copy to the trustee, describing the transaction or transactions that constitute the Change of Control and offering to repurchase the Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (the “Change of Control Payment Date”), pursuant to the procedures required by the Notes of the relevant series and described in such notice.

On the Change of Control Payment Date, we will be required, to the extent lawful, to:

- accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;
- deposit with the relevant paying agent one Business Day prior to the Change of Control Payment Date an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and
- deliver or cause to be delivered to the trustee the Notes properly accepted together with an officers’ certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by us.

The relevant paying agent will be required to promptly mail, to each holder who properly tendered Notes, the purchase price for such Notes properly tendered, and the trustee will be required to promptly authenticate and mail (or cause to be transferred by book-entry) to each such holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; provided that each new Note will be in a principal amount of US\$200,000 or a multiple of US\$1,000 in excess thereof.

We will not be required to make a Change of Control Offer upon a Change of Control if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all Notes properly tendered and not withdrawn under its offer. In the event that such third party terminates or defaults its offer, we will be required to make a Change of Control Offer treating the date of such termination or default as though it were the date of the Change of Control.

Table of Contents

We will comply with the requirements of Rule 14e-1 under the Exchange Act, to the extent applicable, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control. To the extent that the provision of any such securities laws or regulations conflicts with the Change of Control Offer provisions of the Notes, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the Notes by virtue of any such conflict.

There can be no assurance that we will have sufficient funds available at the time of any Change of Control to consummate a Change of Control Offer for all Notes then outstanding (or all Notes properly tendered by the holders of such Notes) and pay the Change of Control Payment. We may also be prohibited by terms of other indebtedness or agreements from repurchasing the Notes upon a Change of Control, which would require us to repay the relevant indebtedness or terminate the relevant agreement before we can proceed with a Change of Control Offer, and there can be no assurance that we will be able to effect such repayment or termination.

“Affiliate” means, with respect to any Person, any other Person directly or indirectly controlling, controlled by, or under direct or indirect common control with, such Person. For the purposes of this definition, “control” when used with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms “controlling” and “controlled” have meanings correlative to the foregoing.

- (ii) the merger or consolidation of us with or into another Person or the merger of another Person with or into us, unless the holders of a majority of the aggregate voting power of our Voting Stock, immediately prior to such transaction, hold securities of the surviving or transferee Person that represent, immediately after such transaction, at least a majority of the aggregate voting power of the Voting Stock of the surviving or transferee Person;
- (iii) individuals who on the original issue date of the Notes constituted the Board of Directors, together with any new directors whose election by the Board of Directors was approved by a vote of a majority of the directors then still in office who were either directors on the original issue date of the Notes or whose election was previously so approved, cease for any reason to constitute a majority of the Board of Directors then in office;
- (iv) the sale, assignment, conveyance, transfer, lease or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our assets and our

Controlled Entities, taken together as a whole, to any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than transactions with one or more Permitted Holders;

- (v) the Permitted Holders in the aggregate cease to own more than 30% of the total voting power of our Voting Stock;
- (vi) the adoption by our shareholders of a plan or proposal for our liquidation or dissolution; or
- (vii) (A) any change in or amendment to the laws, regulations and rules of the PRC or the official interpretation or official application thereof (“Change in Law”) that results in (x) the Group (as in existence immediately subsequent to such Change in Law), as a whole, being legally prohibited from operating substantially all of the business operations conducted by the Group (as in existence immediately prior to such Change in Law) as of the last date of the period described in our consolidated financial statements for the most recent fiscal quarter and (y) we being unable to continue to derive substantially all of the economic benefits from the business operations conducted by the Group (as in existence immediately prior to such Change in Law) in the same manner as reflected in our consolidated financial statements for the most recent fiscal quarter and (B) we have not furnished to the trustee, prior to the date that is twelve months after the date of the Change in Law, an opinion from an independent financial advisor or an independent legal counsel stating either (1) we are able to continue to derive substantially all of the economic benefits from the business operations conducted by the Group (as in existence immediately prior to such Change in Law), taken as a whole, as reflected in our consolidated financial statements for the most recent fiscal quarter (including after giving effect to any corporate restructuring or reorganization plan of ours) or (2) such Change in Law would not materially adversely affect our ability to make principal and interest payments on the Notes when due.

The definition of Change of Control includes a phrase relating to the sale, assignment, conveyance, transfer, lease or other disposition of all or “substantially all” of our and our Controlled Entities’ assets, taken together as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the applicability of the requirement that we offer to repurchase the Notes as a result of a sale, assignment, conveyance, transfer, lease or other disposition of less than all of our and our Controlled Entities’ assets, taken together as a whole, may be uncertain.

“Consolidated Affiliated Entity” of any Person means any corporation, association or other entity which is or is required to be consolidated with such Person under Accounting Standards Codification subtopic 810-10, *Consolidation: Overall* (including any changes, amendments or supplements thereto) or, if such Person prepares its financial statements in accordance with accounting principles other than U.S. GAAP, the equivalent of Accounting Standards Codification subtopic 810-10, *Consolidation: Overall* under such accounting principles. Unless otherwise specified herein, each reference to a Consolidated Affiliated Entity will refer to a Consolidated Affiliated Entity of ours.

“Controlled Entity” of any Person means a Subsidiary or a Consolidated Affiliated Entity of such Person.

“Group” means the Company and our Controlled Entities.

“Person” means any individual, corporation, firm, limited liability company, partnership, joint venture, undertaking, association, joint stock company, trust, unincorporated organization, trust, state, government or any agency or political subdivision thereof or any other entity (in each case whether or not being a separate legal entity).

“Permitted Holders” means Mr. Robin Yanhong Li and any Affiliate of Mr. Robin Yanhong Li; in the event we merge into a Controlled Entity of ours (“Merger Sub”) that (i) is a shell corporation, (ii) is incorporated specifically for the purpose of a merger with us and (iii) is a Controlled Entity directly owned by another

[Table of Contents](#)

Controlled Entity of ours that is directly owned by us (“Topco”), with Topco owning no assets other than holding the Capital Stock of Merger Sub, then, upon completion of such merger, Topco will be a Permitted Holder so long as our ultimate beneficial ownership has not been modified by such transaction. Any Person or group whose acquisition of beneficial ownership constitutes a Change of Control in respect of which a Change of Control Offer is made in accordance with the requirements of the indenture (or would result in a Change of Control Offer in the absence of the waiver of such requirement by holders in accordance with the indenture) will thereafter constitute additional Permitted Holders.

“Preferred Shares,” as applied to the Capital Stock of any corporation, means Capital Stock of any class or classes (however designated) that is preferred as to the payment of dividends upon liquidation, dissolution or winding up.

“Subsidiary” of any Person means (a) any corporation, association or other business entity (other than a partnership, joint venture, limited liability company or similar entity) of which more than 50% of the total ordinary voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency) to vote in the election of directors, managers or trustees thereof (or Persons performing similar functions) or (b) any partnership, joint venture limited liability company or similar entity of which more than 50% of the capital accounts, distribution rights, total equity and voting interests or general or limited partnership interests, as applicable, is, in the case of clauses (a) and (b), voting at the time owned or controlled, directly or indirectly, by (1) such Person, (2) such Person and one or more Subsidiaries of such Person or (3) one or more Subsidiaries of such Person. Unless otherwise specified herein, each reference to a Subsidiary will refer to a Subsidiary of the Company.

“Voting Stock” of a Person means all classes of Capital Stock of such Person then outstanding and normally entitled to vote in the election of directors, managers or trustees, as applicable, of such Person.

Modification and Waiver

The provisions of the indenture relating to modification and waiver, which are described under the heading “Description of Debt Securities—Modification and Waiver” in the accompanying prospectus, will apply to the Notes, with the additional provisions that:

- (i) we and the trustee may not, without the consent of each holder of the applicable series of Notes affected thereby, reduce the amount of the premium payable upon the redemption or repurchase of any series of Notes or change the time at which any series of Notes may be redeemed or repurchased as described above under “—Optional Redemption” or “—Repurchase Upon Change of Control” whether through an amendment or waiver of provisions in the covenants, definitions or otherwise (except through amendments to the definition of “Change of Control”); and
- (ii) we and the trustee may, without the consent of any holder of the Notes of any series, amend the indenture and the relevant Notes to conform the text of the indenture or the Notes to any provision of this “Description of the Notes” to the extent that such provision in this “Description of the Notes” was intended to be a verbatim recitation of a provision of the indenture or the Notes as evidenced by an officers’ certificate.

Limitation on Liens

So long as any Note remains outstanding, we will not create or have outstanding, and we will ensure that none of our Principal Controlled Entities will create or have outstanding, any Lien upon the whole or any part of their respective present or future undertaking, assets or revenues (including any uncalled capital) securing any Relevant Indebtedness, or any guarantee or indemnity in respect of any Relevant Indebtedness either of us or of any of our Principal Controlled Entities, without (i) at the same time or prior thereto securing the Notes equally and ratably therewith or (ii) providing such other security for the Notes as shall be approved by an act of the

Table of Contents

holders of each series of Notes holding at least a majority of the principal amount of that series of Notes then outstanding.

The foregoing restriction will not apply to:

- (i) any Lien arising or already arisen automatically by operation of law which is timely discharged or disputed in good faith by appropriate proceedings;
- (ii) any Lien in respect of the obligations of any Person which becomes a Principal Controlled Entity or which merges with or into us or a Principal Controlled Entity after the date of the indenture which is in existence at the date on which it becomes a Principal Controlled Entity or merges with or into us or a Principal Controlled Entity; provided that any such Lien was not incurred in anticipation of such acquisition or of such Person becoming a Principal Controlled Entity or being merged with or into us or a Principal Controlled Entity;
- (iii) any Lien created or outstanding in favor of us;
- (iv) any Lien in respect of Relevant Indebtedness of us or any Principal Controlled Entity with respect to which we or such Principal Controlled Entity has paid money or deposited money or securities with a fiscal agent, trustee or depository to pay or discharge in full the obligations of us or such Principal Controlled Entity in respect thereof (other than the obligation that such money or securities so paid or deposited, and the proceeds therefrom, be sufficient to pay or discharge such obligations in full); or
- (v) any Lien arising out of the refinancing, extension, renewal or refunding of any Relevant Indebtedness secured by any Lien permitted by the foregoing clause (ii); provided that such Relevant Indebtedness is not increased beyond the principal amount thereof (together with the costs of such refinancing, extension, renewal or refunding) and is not secured by any additional property or assets.

“Lien” means any mortgage, charge, pledge, lien or other form of encumbrance or security interest.

“Principal Controlled Entities” at any time shall mean one of our Controlled Entities

- (i) as to which one or more of the following conditions is/are satisfied:
 - (a) its total revenue or (in the case of one of our Controlled Entities which has one or more Controlled Entities) consolidated total revenue attributable to us is at least 5% of our consolidated total revenue;
 - (b) its net profit or (in the case of one of our Controlled Entities which has one or more Controlled Entities) consolidated net profit attributable to us (in each case before taxation and exceptional items) is at least 5% of our consolidated net profit (before taxation and exceptional items); or
 - (c) its net assets or (in the case of one of our Controlled Entities which has one or more Controlled Entities) consolidated net assets attributable to us (in each case after deducting minority interests in Subsidiaries) are at least 10% of our consolidated net assets (after deducting minority interests in Subsidiaries);

all as calculated by reference to the then latest audited financial statements (consolidated or, as the case may be, unconsolidated) of our Controlled Entity and our then latest audited consolidated financial statements;

provided that, in relation to paragraphs (a), (b) and (c) above:

- (1) in the case of a corporation or other business entity becoming a Controlled Entity after the end of the financial period to which our latest consolidated audited accounts relate, the reference to our then latest consolidated audited accounts and our Controlled Entities for the purposes of the calculation above shall, until our consolidated audited accounts for the financial period in which the relevant corporation or other business entity becomes a

Controlled Entity are issued, be deemed to be a reference to the then latest consolidated audited accounts of us and our Controlled Entities adjusted to consolidate the latest audited accounts (consolidated in the case of a Controlled Entity which itself has Controlled Entities) of such Controlled Entity in such accounts;

- (2) if at any relevant time in relation to us or any Controlled Entity which itself has Controlled Entities, no consolidated accounts are prepared and audited, total revenue, net profit or net assets of us and/or any such Controlled Entity shall be determined on the basis of pro forma consolidated accounts prepared for this purpose by or on behalf of us;
 - (3) if at any relevant time in relation to any Controlled Entity, no accounts are audited, its net assets (consolidated, if appropriate) shall be determined on the basis of pro forma accounts (consolidated, if appropriate) of the relevant Controlled Entity prepared for this purpose by or on behalf of us; and
 - (4) if the accounts of any Controlled Entity (not being a Controlled Entity referred to in proviso (1) above) are not consolidated with our accounts, then the determination of whether or not such Controlled Entity is a Principal Controlled Entity shall be based on a pro forma consolidation of its accounts (consolidated, if appropriate) with our consolidated accounts (determined on the basis of the foregoing); or
- (ii) to which is transferred all or substantially all of the assets of a Controlled Entity which immediately prior to the transfer was a Principal Controlled Entity; provided that, with effect from such transfer, the Controlled Entity which so transfers its assets and undertakings shall cease to be a Principal Controlled Entity (but without prejudice to paragraph (i) above) and the Controlled Entity to which the assets are so transferred shall become a Principal Controlled Entity.

An officers' certificate delivered to the trustee certifying in good faith as to whether or not a Controlled Entity is a Principal Controlled Entity shall be conclusive in the absence of manifest error.

"Relevant Indebtedness" means any indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which for the time being are, or are intended to be or are commonly, quoted, listed or dealt in or traded on any stock exchange or over-the-counter or other securities market.

Legal Defeasance and Covenant Defeasance

The provisions of the indenture relating to legal defeasance and covenant defeasance, which are described under the heading "Description of Debt Securities—Legal Defeasance and Covenant Defeasance" in the accompanying prospectus, will apply to the Notes, and in addition, we may also exercise Covenant Defeasance with respect to our obligations under the indenture and the Notes that are described under the headings "—Repurchase Upon Change of Control" and "—Limitation on Liens" above.

No Sinking Fund

The Notes will not be subject to, nor entitled to the benefit of, any sinking fund.

Book-Entry; Delivery and Form

The Notes will be represented by one or more global notes that will be deposited with and registered in the name of DTC or its nominee for the accounts of its participants, including Euroclear Bank S.A./N.V. ("Euroclear") as operator of the Euroclear System, and Clearstream Banking, S.A. ("Clearstream"). We will not issue certificated Notes, except in the limited circumstances described below. Transfers of ownership interests in the global notes will be effected only through entries made on the books of DTC participants acting on behalf of

[Table of Contents](#)

beneficial owners. You will not receive written confirmation from DTC of your purchase. The direct or indirect participants through whom you purchased the Notes should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The direct and indirect participants are responsible for keeping accurate account of the holdings of their customers like you. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to own, transfer or pledge beneficial interests in the global notes.

You, as the beneficial owner of Notes, will not receive certificates representing ownership interests in the global notes, except in the following limited circumstances: (1) DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be eligible under the indenture and we do not appoint a successor depository within 90 days; (2) we determine that the Notes will no longer be represented by global notes and execute and deliver to the trustee an officers' certificate to such effect; or (3) an event of default with respect to the Notes will have occurred and be continuing. These certificated Notes will be registered in such name or names as DTC will instruct the trustee. It is expected that such instructions may be based upon directions received by DTC from participants with respect to ownership of beneficial interests in global notes.

So long as DTC or its nominee is the registered owner and holder of the global notes, DTC or its nominee, as the case may be, will be considered the sole owner or holder of the Notes represented by the global notes for all purposes under the indenture relating to the Notes. Except as provided above, you, as the beneficial owner of interests in the global notes, will not be entitled to have Notes registered in your name, will not receive or be entitled to receive physical delivery of Notes in definitive form and will not be considered the owner or holder thereof under the indenture. Accordingly, you, as the beneficial owner, must rely on the procedures of DTC and, if you are not a DTC participant, on the procedures of the DTC participants through which you own your interest, to exercise any rights of a holder under the indenture.

Neither we, the trustee, nor any other agent of ours or agent of the trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in global notes or for maintaining, supervising or reviewing any records relating to the beneficial ownership interests. DTC's practice is to credit the accounts of DTC's direct participants with payment in amounts proportionate to their respective holdings in principal amount of beneficial interest in a security as shown on the records of DTC, unless DTC has reason to believe that it will not receive payment on the payment date. The underwriters will initially designate the accounts to be credited. Beneficial owners may experience delays in receiving distributions on their Notes because distributions will initially be made to DTC and they must be transferred through the chain of intermediaries to the beneficial owner's account. Payments by DTC participants to you will be the responsibility of the DTC participant and not of DTC, the trustee or us. Accordingly, we and any paying agent will have no responsibility or liability for: any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in Notes represented by a global securities certificate; any other aspect of the relationship between DTC and its participants or the relationship between those participants and the owners of beneficial interests in a global securities certificate held through those participants; or the maintenance, supervision or review of any of DTC's records relating to those beneficial ownership interests.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We have been informed that, under DTC's existing practices, if we request any action of holders of senior notes, or an owner of a beneficial interest in a global security such as you desires to take any action which a holder of Notes is entitled to take under the indenture, DTC would authorize the direct participants holding the relevant beneficial interests to take such action, and those direct participants and any indirect participants would authorize beneficial owners owning through those direct and indirect participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Clearstream and Euroclear have provided us with the following information and neither we nor the underwriters take any responsibility for its accuracy:

Clearstream

Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic securities markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream participants include underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Clearstream's U.S. participants are limited to securities brokers and dealers and banks. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant either directly or indirectly.

Distributions with respect to Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Euroclear

Euroclear was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear performs various other services, including securities lending and borrowing and interacts with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A/N.V. under contract with Euroclear plc, a U.K. corporation. All operations are conducted by the Euroclear operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear operator, not Euroclear plc. Euroclear plc establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks, including central banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear operator is a Belgian bank. As such it is regulated by the Belgian Banking and Finance Commission.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific clearance accounts. The Euroclear operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

[Table of Contents](#)

Euroclear has further advised us that investors who acquire, hold and transfer interests in the Notes by book-entry through accounts with the Euroclear operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities certificates.

Global Clearance and Settlement Procedures

Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same Day Funds Settlement System. Secondary market trading between Clearstream participants and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream participants or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving Notes through DTC, and making or receiving payment in accordance with normal procedures for same day funds settlement applicable to DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to their respective U.S. depositories.

Because of time zone differences, credits of Notes received through Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such Notes settled during such processing will be reported to the relevant Euroclear participants or Clearstream participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of Notes by or through a Clearstream participant or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of Notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither we nor the paying agent will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

TAXATION

Prospective investors should consult their professional advisers regarding the possible tax consequences of buying, holding or selling any Notes under the laws of their country of citizenship, residence or domicile.

Cayman Islands Taxation

The following is a discussion on certain Cayman Islands income tax consequences of an investment in the Notes. The discussion is a general summary of present law, which is subject to prospective and retroactive change. It is not intended as tax advice, does not consider any investor's particular circumstances, and does not consider tax consequences other than those arising under Cayman Islands law.

Under existing Cayman Islands law, payments of interest and principal on the Notes will not be subject to taxation in the Cayman Islands and no withholding will be required on the payment of interest and principal to any holder of the Notes, nor will gains derived from the disposal of the Notes be subject to Cayman Islands income or corporation tax. The Cayman Islands currently have no income, corporation or capital gains tax and no estate duty, inheritance tax or gift tax. No stamp duty is payable in respect of the issue of the Notes. An instrument of transfer in respect of a Note is stampable if executed in or brought into the Cayman Islands.

PRC Taxation

The following is a summary of certain PRC tax consequences of the purchase, ownership and disposition of Notes to non-resident enterprises and non-resident individuals. It is based upon applicable laws, rules and regulations in effect as of the date of this prospectus supplement, all of which are subject to change (possibly with retroactive effect). This discussion does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Notes and does not purport to deal with consequences applicable to all categories of investors, some of which may be subject to special rules. Persons considering the purchase of Notes should consult their own tax advisors concerning the tax consequences of the purchase, ownership and disposition of Notes, including such possible consequences under the laws of their country of citizenship, residence or domicile.

If we are considered a PRC resident enterprise under the PRC Enterprise Income Tax Law, holders of Notes who are non-resident enterprises may be subject to PRC withholding tax on interest payable by us and PRC enterprise income tax on any gains realized from the transfer of Notes, if such income is considered to be derived from sources within the PRC, at a rate of 10% (or lower rate if available under an applicable tax treaty), provided that (1) such foreign enterprise investor has no establishment or premises in the PRC, or (2) it has an establishment or premises in the PRC but its income derived from the PRC has no real connection with such establishment or premises. Furthermore, if we are considered a PRC resident enterprise and relevant PRC tax authorities consider interest we pay with respect to the Notes and any gains realized from the transfer of Notes to be income derived from sources within the PRC, such interest and gains earned by non-resident individuals may be subject to PRC individual income tax at a rate of 20% (or lower rate if available under an applicable tax treaty).

If we are not deemed a PRC resident enterprise, non-resident enterprise and non-resident individual holders of Notes will not be subject to PRC income tax on any payments of interest on, or gains from the transfer of, Notes.

U.S. Federal Income Tax Considerations

This sub-section titled "U.S. Federal Income Tax Considerations" discusses U.S. federal income tax consequences of the ownership of the Notes as of the date of this prospectus supplement. This summary applies to you only if:

- You are, for U.S. federal income tax purposes, a beneficial owner of a Note and an individual U.S. citizen or resident, a U.S. corporation, or otherwise subject to U.S. federal income tax on a net income basis in respect of the Notes; and

[Table of Contents](#)

- You purchase the Notes in their original issuance at the “issue price”, which will equal the first price to the public (not including bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) at which a substantial amount of the Notes is sold for money, and you hold such Notes as capital assets for U.S. federal income tax purposes.

This sub-section does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular investor. In particular, the discussion does not address all of the tax consequences that may be applicable to investors that are subject to special rules, such as certain financial institutions, insurance companies, tax-exempt organizations, dealers in securities or currencies, persons that elect mark-to-market treatment, persons that hold the Notes as a position in a straddle, conversion transaction, synthetic security, or other integrated financial transaction for U.S. federal tax purposes, persons subject to the alternative minimum tax and persons whose functional currency is not the U.S. dollar.

THIS DISCUSSION OF U.S. FEDERAL INCOME TAX CONSIDERATIONS IS NOT INTENDED, AND SHOULD NOT BE CONSTRUED, TO BE TAX OR LEGAL ADVICE TO ANY PARTICULAR INVESTOR IN OR HOLDER OF THE NOTES. PROSPECTIVE INVESTORS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS CONCERNING THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSEQUENCES ARISING UNDER THE LAWS OF ANY OTHER TAXING JURISDICTION OR ANY APPLICABLE TAX TREATIES, AND THE POSSIBLE EFFECT OF CHANGES IN APPLICABLE TAX LAW.

The discussion below regarding U.S. federal income tax consequences is based upon the Internal Revenue Code of 1986, as amended, final and proposed Treasury regulations promulgated thereunder and any relevant administrative rulings or pronouncements or judicial decisions, all as of the date hereof and as currently interpreted, and does not take into account possible changes in such tax laws or interpretations thereof, which may apply retroactively.

If a partnership holds the Notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding the Notes, you should consult your tax advisor.

Interest Payments

Payments of stated interest on the Notes will be includible in your gross income as ordinary interest income at the time you receive or accrue such amounts (in accordance with your regular method of tax accounting).

Interest on the Notes constitutes foreign source income for U.S. federal income tax purposes. For foreign tax credit limitation purposes, interest on the Notes generally will constitute passive income.

As described in “—PRC Taxation,” if we are deemed to be a PRC resident enterprise under the PRC Enterprise Income Tax Law, payments of interest in respect of the Notes may be subject to PRC withholding taxes. For U.S. federal income tax purposes, the amount of interest includible in taxable income would include any amounts withheld in respect of PRC taxes. Subject to applicable limitations, PRC taxes, if any, withheld from payments in respect of the Notes not in excess of any applicable U.S.-PRC income tax treaty rate (assuming you are eligible for such treaty) would be creditable against your U.S. federal income tax liability. The rules governing foreign tax credits are complex, and you should consult your tax advisor regarding the creditability of foreign taxes in your particular circumstances. Instead of claiming a credit, you may, at your election, deduct such PRC taxes, if any, in computing taxable income. An election to deduct foreign taxes instead of claiming foreign tax credits is applicable to all foreign taxes paid or accrued in the taxable year.

Additional Amounts paid pursuant to the obligations described under “Description of the Notes—Payment of Additional Amounts” would be treated as ordinary interest income.

Sale, Exchange, Redemption and Other Disposition of the Notes

Upon the sale, exchange, redemption or other disposition of the Notes, you will recognize taxable gain or loss equal to the difference, if any, between the amount realized on the sale, exchange, redemption or other disposition (other than accrued but unpaid interest which will be treated as ordinary interest income) and your adjusted tax basis in such Notes. Your adjusted tax basis in the Notes generally will equal the cost of such Notes. Any such gain or loss generally will be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange, redemption or other disposition you held the Notes for more than one year. The deductibility of capital losses is subject to certain limitations.

As described in “—PRC Taxation” if we are deemed to be a PRC resident enterprise under the PRC Enterprise Income Tax Law, gains from the disposition of Notes may be subject to PRC income taxes. You are entitled to use foreign tax credits to offset only the portion of your U.S. tax liability considered to be attributable to foreign source income. Generally, gain or loss from the disposition of Notes will be U.S.-source for purposes of the foreign tax credit rules. However, if you are eligible for the benefits of the U.S.-PRC income tax treaty, such gain may be treated as arising from PRC sources under the U.S.-PRC income tax treaty. You should consult your tax advisor as to your eligibility for benefits under the U.S.-PRC income tax treaty and the creditability of any PRC tax on disposition gains in your particular circumstances if you are so eligible.

Information Reporting and Backup Withholding

Information returns may be filed with the IRS in connection with payments of interest on the Notes and the proceeds from a sale or other disposition of the Notes unless you establish an exemption from the information reporting rules. If you do not establish such an exemption you may be subject to U.S. backup withholding tax on these payments if you fail to provide your taxpayer identification number or otherwise comply with the backup withholding rules. The amount of any backup withholding from a payment to you will be allowed as a credit against your U.S. federal income tax liability and you may be entitled to a refund, provided that the required information is furnished to the IRS.

Foreign Financial Asset Reporting

Owners of certain foreign financial assets, including debt of foreign entities, may be required to file an information report with respect to such assets with their tax returns if the aggregate value of all of these assets exceeds \$50,000 at the end of the taxable year or \$75,000 at any time during the taxable year (or, in some circumstances, a higher threshold). The Notes are expected to constitute foreign financial assets subject to these requirements unless the Notes are held in an account at a financial institution (in which case the account may be reportable if maintained by a foreign financial institution). If you are a U.S. person acquiring our Notes, you should consult your tax advisors regarding the application of this legislation.

UNDERWRITING (CONFLICTS OF INTEREST)

Subject to the terms and conditions contained in the underwriting agreement, dated as of the date of this prospectus supplement between us and the underwriters named below, for whom J.P. The underwriters are offering the Notes subject to their acceptance of the Notes from us, and subject to prior sale. The underwriting agreement provides that the obligations of the underwriters to purchase the Notes are subject to approval of certain legal matters by counsel and to certain other conditions. The underwriters must purchase all the Notes if they purchase any of the Notes. The underwriters reserve the right to withdraw, cancel or modify offers to investors and to reject orders in whole or in part.

The underwriters initially propose to offer part of the Notes of each series directly to the public at the offering prices described on the cover page of this prospectus supplement. After the initial offering of the Notes, the underwriters may from time to time vary the offering prices and other selling terms. The offering of the Notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

Certain of the underwriters are not broker-dealers registered with the SEC. Therefore, to the extent they intend to make any offers or sales of Notes in the United States, they will do so only through one or more registered broker-dealers in compliance with applicable securities laws and regulations, and FINRA rules. Goldman Sachs (Asia) L.L.C. will offer the Notes in the United States through its registered broker-dealer affiliate Goldman, Sachs & Co. Table of Contents

We have agreed that, for a period until 60 days after the date of closing (which is expected to be the fifth business day following the date of this prospectus supplement), we will not, without the prior written consent of the representatives, offer, sell, contract to sell or otherwise dispose of any securities issued or guaranteed by us that are substantially similar to the Notes. The underwriters in their sole discretion may consent to the offering and sale of such securities by us at any time without notice. We have also agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in respect of those liabilities.

The Notes will constitute a new class of securities with no established trading market. Approval-in-principle has been obtained for the listing and quotation of the Notes on the SGX-ST. However, we cannot assure you that the prices at which the Notes will sell in the market after this offering will not be lower than the initial offering price or that an active trading market for the Notes will develop and continue after this offering. The underwriters have advised us that they currently intend to make a market in the Notes. However, they are not obligated to do so and they may discontinue any market-making activities with respect to the Notes at any time without notice. Accordingly, we cannot assure you as to the liquidity of, or the trading market for, the Notes.

The underwriters (or their affiliates) may engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids to the extent permitted by applicable laws and regulations. Over-allotment involves sales in excess of the offering size, which creates a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Covering transactions involve purchase of the Notes in the open market after the distribution has been completed in order to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the Notes originally sold by such dealer are purchased in a stabilizing transaction or a covering transaction to cover short positions. Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Notes. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

We expect to deliver the Notes against payment for the Notes on or about the date specified in the last paragraph of the cover page of this prospectus supplement, which will be the fifth business day following the date of the pricing of the Notes. Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally settle in three business days, and purchasers who wish to trade Notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement. Purchasers of the Notes who wish to trade the Notes on the date of pricing or the next succeeding business day should consult their own advisor.

OUR COMPANY

Overview

We are the leading Chinese language internet search provider. As a technology-based media company, we aim to provide the best way for people to find information. In addition to serving users, we provide an effective platform for businesses to reach potential customers.

Our Baidu.com website is the largest website in China and the fifth largest website globally, as measured by average daily visitors and page views during the three-month period ended September 30, 2012, according to Alexa.com, an internet analytics firm. We are the most used internet search provider in China, capturing 85.3% of internet search traffic in China in 2011, according to iResearch Consulting Group, a market research firm. Our “Baidu” brand received the highest ranking for an internet brand in China in BrandZ Top50 Most Valuable Chinese Brands 2012, a study of the top 50 most valuable Chinese brands published by Millward Brown Optimor, a brand strategy research firm.

We serve three types of online participants and have achieved significant scale and diversity in our business:

Users. We offer a Chinese language search platform on our Baidu.com website that enables users to find relevant information online, including web pages, news, images, documents and multimedia files, through links provided on our website. Our success to date stems from our focus on superior user experience. We provide a broad range of products and services to enrich user experience and facilitate easy and quick search, including search products, social-networking products, user-generated-content-based knowledge products, location-based products and services, music products, PC client software, mobile related products and services and other products and services. Our products and services can be accessed through PCs and mobile devices.

We aspire to take our user experience to the next level. To this end, we have launched our semantic search engine named Box Computing to deliver interactive, relevant and intuitive user experience. Today, most search results on Baidu.com are produced by Box Computing, which include webpages, third-party applications and content and sponsored links, as well as our own vertical products and websites, such as PostBar, Baidu Knows, Baidu Encyclopedia, Baidu Maps, Baidu Image Search and Video Search, travel site Qunar and video site iQiyi.

Customers. We deliver online marketing services to a diverse customer base operating in a variety of industries. In 2011, we had approximately 488,000 active online marketing customers, as compared to 412,000 in 2010 and 317,000 in 2009. In the nine months ended September 30, 2012, we had approximately 511,000 active online marketing customers. Our online marketing customers consist of small and medium enterprises, or SMEs, throughout China, large domestic companies and Chinese divisions and subsidiaries of large, multinational companies. We reach and serve our customers through our direct sales force as well as a network of third-party distributors across China. As many of our customers are SMEs, we use distributors to help us identify potential SME customers, collect payments and assist SMEs in setting up accounts with us and using our online marketing services.

Baidu Union Members. Baidu Union consists of a large number of third-party web content and software providers. Baidu Union members can display on their properties our customers’ promotional links that match the content of such members’ properties. We allow Baidu Union members to provide high-quality and relevant search results to their users without the cost of building and maintaining advanced search capabilities in-house and to monetize their traffic through revenue sharing arrangements with us.

Technology and people are critical to our long-term success:

Technology. We focus on research and development and innovation. To stay at the forefront of the internet industry and to achieve long term growth and success, we expanded the number of our research and development

[Table of Contents](#)

employees from approximately 3,600 as of December 31, 2010 to approximately 6,000 as of December 31, 2011. We have developed a proprietary technological infrastructure consisting of technologies for web search, pay-for-performance, or P4P, targetization and large-scale systems. As internet traffic transitions from PCs to mobile devices, we are determined to create a seamless mobile internet experience for our users and customers and capture the opportunities presented by the PC-to-mobile transition. We believe our established infrastructure, which serves as the backbone for our mobile platform, creates a significant competitive advantage for us.

People. We have a visionary and experienced management team. Under their leadership, we have developed a strong company culture that encourages individual thinking and creativity, continuous self-improvement and strong commitment to providing the best experience to our users and customers. We value our employees and provide abundant opportunities for training, responsibility and career advancement in our organization.

We have a robust business model:

Online Marketing Services. We generate almost all of our revenues from online marketing services, a substantial majority of which are derived from services based on search queries on our P4P platform. Our P4P platform enables customers to bid for priority placement of their links in keyword search results, and provides customers with wide reach, precise targeting capabilities, highly measurable results and superior returns on marketing spending. We generally require our P4P SME customers to pay deposits before using our services and remind them to replenish their accounts when needed. We also provide other forms of online marketing services, including services based on contextuials and users' search behaviors, and display placements.

Revenue, Profit and Cash Flow. We have grown substantially by focusing on the organic growth of our core business, complemented by strategic investments and acquisitions. Our total revenues in 2011 were RMB14.5 billion (US\$2.3 billion), an 83.2% increase over 2010. Our operating profit in 2011 was RMB7.6 billion (US\$1.2 billion), a 91.4% increase over 2010. For the nine months ended September 30, 2012, we generated RMB9.2 billion (US\$1.5 billion) net cash from operating activities. The conversion of RMB into U.S. dollars in this prospectus is based on the noon buying rate in New York City for cable transfers in RMB as certified for customs purposes by the Federal Reserve Board. Except as otherwise stated in this prospectus, all amounts in this prospectus that are not recorded in our audited consolidated financial statements have been translated from RMB to U.S. dollars and from U.S. dollars to RMB at a rate of RMB6.2848 to US\$1.00, the noon buying rate in effect as of September 28, 2012. All amounts in this prospectus that are recorded in our audited consolidated financial statements have been translated from RMB to U.S. dollars and from U.S. dollars to RMB at a rate of RMB6.2939 to US\$1.00, the noon buying rate in effect as of December 30, 2011. We make no representation that any RMB or U.S. dollar amounts could have been, or could be, converted into U.S. dollars or RMB, as the case may be, at any particular rate, or at all. The PRC government imposes control over its foreign currency reserves in part through direct regulation of the conversion of RMB into foreign exchange and through restrictions on foreign trade. On October 26, 2012, the noon buying rate was RMB6.2480 to US\$1.00.

The following table sets forth information concerning exchange rates between the RMB and the U.S. dollar for the periods indicated.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our unaudited consolidated ratio of earnings to fixed charges for each of the periods indicated using financial information extracted, where applicable, from our audited consolidated financial statements or unaudited interim condensed consolidated financial statements. Our audited consolidated financial statements and unaudited interim condensed consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States, or U.S. GAAP.

	Year Ended December 31,					Nine Months Ended
	2007	2008	2009	2010 (unaudited)	2011	September 30, 2012
Ratio of earnings to fixed charges	64.4	97.5	76.8	94.7	77.6	92.2

The ratio of earnings to fixed charges is calculated by dividing earnings by fixed charges. The term “earnings” means the sum of (a) pre-tax income from continuing operations before adjustment for income or loss from equity investees and (b) fixed charges. The term “fixed charges” means the sum of (a) interest expense, (b) amortized discounts related to indebtedness, and (c) an estimate of the interest within rental expense.

General

We may sell the debt securities, including original issue discount securities, at par or at greater than de minimis discount below their stated principal amount. Unless we inform you otherwise in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the indenture. Such additional debt securities will have the same terms and conditions as the applicable series of debt securities in all respects (or in all respects except for the issue date, the issue price or the first payment of interest), and will vote together as one class on all matters with respect to such series of debt securities. We shall not issue any additional debt securities with the same CUSIP, ISIN or other identifying number as the debt securities of that series issued hereunder unless the additional debt securities are fungible with such debt securities for U.S. federal income tax purposes. In addition, we will describe in the applicable prospectus supplement, material U.S. federal tax considerations and any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars. Unless we inform you otherwise in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

Form, Exchange and Transfer

The debt securities will be issued, unless otherwise indicated in the applicable prospectus supplement, in fully registered form without interest coupons and in minimum denominations of US\$2,000 and integral multiples of US\$1,000 in excess thereof.

You may exchange or transfer your registered debt securities at the office of the trustee. The trustee acts as our agent for registering debt securities in the names of holders and transferring registered debt securities. The entity performing the role of maintaining the list of registered holders is called the “registrar.” It will also register transfers of the registered debt securities. We may also arrange for additional registrars, and may change registrars. We may also choose to act as our own registrar.

You will not be required to pay a service charge for any registration of transfer or exchange of debt securities, but you may be required to pay any tax or other governmental charge associated with the registration of transfer or exchange. The registration of transfer or exchange of a registered debt security will only be made if you have duly endorsed the debt security or provided the registrar with a written instrument of transfer satisfactory in form to the registrar.

Payment and Paying Agents

If your debt securities are in definitive registered form, we will pay interest to you if you are listed in the trustee’s records as a direct holder at the close of business on a particular day in advance of each due date for interest, even if you no longer own the debt securities on the interest due date. That particular day is called the “record date” and will be stated in the applicable prospectus supplement.

We will pay interest, principal, additional amounts and any other money due on global registered debt securities pursuant to the applicable procedures of the depositary or, if the debt securities are not in global form, at offices maintained for that purpose in New York, New York. These offices are called “paying agents.” We may also choose to pay interest by mailing checks. We may also arrange for additional payment agents, and may change these agents, including our use of the trustee’s corporate trust office. We may also choose to act as our own paying agent.

Regardless of who acts as paying agent, all money that we pay as principal, premium or interest to a paying agent, or then held by us in trust, that remains unclaimed at the end of two years after the amount is due to direct holders will be repaid to us, or if then held by us, discharged from trust. After that two-year period, direct holders may look only to us for payment and not to the trustee, any other paying agent or anyone else.

Street name and other indirect holders should consult their banks or brokers for information on how they will receive payments.

Payment of Additional Amounts

All payments of principal, premium and interest made by us in respect of the debt securities of each series will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (“Taxes”) imposed or levied by or within the British Virgin Islands, the Cayman Islands, the PRC or any jurisdiction where we are otherwise considered by a taxing authority to be a resident for tax purposes (in each case, including any political subdivision or any authority therein or thereof having power to tax) (the “Relevant Jurisdiction”), unless such withholding or deduction of such Taxes is required by law. If we are required to make such withholding or deduction, we will pay such additional amounts (“Additional Amounts”) as will result in receipt by each holder of any debt securities of such amounts as would have been received by such holder had no such withholding or deduction of such Taxes been required, except that no such Additional Amounts shall be payable:

- (i) in respect of any such Taxes that would not have been imposed, deducted or withheld but for the existence of any connection (whether present or former) between the holder or beneficial owner of a debt security and the Relevant Jurisdiction other than merely holding such debt security or receiving principal, premium (if any) or interest in respect thereof (including such holder or beneficial owner being or having been a national, domiciliary or resident of such Relevant Jurisdiction or treated as a

- resident thereof or being or having been physically present or engaged in a trade or business therein or having or having had a permanent establishment therein);
- (ii) in respect of any debt security presented for payment (where presentation is required) more than 30 days after the relevant date, except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such 30-day period. For this purpose, the “relevant date” in relation to any debt security means the later of (a) the due date for such payment or (b) the date such payment was made or duly provided for;
 - (iii) in respect of any Taxes that would not have been imposed, deducted or withheld but for a failure of the holder or beneficial owner of a debt security to comply with a timely request by us addressed to the holder or beneficial owner to provide information concerning such holder’s or beneficial owner’s nationality, residence, identity or connection with any Relevant Jurisdiction, if and to the extent that due and timely compliance with such request is required under the tax laws of such jurisdiction in order to reduce or eliminate any withholding or deduction as to which Additional Amounts would have otherwise been payable to such holder;
 - (iv) in respect of any Taxes imposed as a result of a debt security being presented for payment (where presentation is required) in the Relevant Jurisdiction, unless such debt security could not have been presented for payment elsewhere;
 - (v) in respect of any estate, inheritance, gift, sale, transfer, personal property or similar Taxes;
 - (vi) to any holder of a debt security that is a fiduciary, partnership or person other than the sole beneficial owner of any payment to the extent that such payment would be required to be included in the income under the laws of a Relevant Jurisdiction, for tax purposes, of a beneficiary or settlor with respect to the fiduciary, or a member of that partnership or a beneficial owner who would not have been entitled to such Additional Amounts had that beneficiary, settlor, partner or beneficial owner been the holder thereof;
 - (vii) in respect of any such Taxes withheld or deducted from any payment under or with respect to any debt security where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECONFIN Council meeting of November 26-27, 2000 on the taxation of saving income or any law implementing or complying with, or introduced in order to conform to, any such Directive;
 - (viii) any such Taxes payable otherwise than by deduction or withholding from payments under or with respect to any debt security; or
 - (ix) any combination of Taxes referred to in the preceding items (i) through (viii) above.

In the event that any withholding or deduction for or on account of any Taxes is required and Additional Amounts are payable with respect thereto, at least 10 days prior to each date of payment of principal of, premium (if any) or interest on the debt securities of any series, we will furnish to the trustee and the paying agent, if other than the trustee, an officers’ certificate specifying the amount required to be withheld or deducted on such payments to such holders, certifying that we shall pay such amounts required to be withheld to the appropriate governmental authority and certifying to the fact that the Additional Amounts will be payable and the amounts so payable to each holder, and that we will pay to the trustee or such paying agent the Additional Amounts required to be paid; provided that no such officers’ certificate will be required prior to any date of payment of principal of, premium (if any) or interest on such debt securities if there has been no change with respect to the matters set forth in a prior officers’ certificate. The trustee and each paying agent may rely on the fact that any officers’ certificate contemplated by this paragraph has not been furnished as evidence of the fact that no withholding or deduction for or on account of any Taxes is required. We covenant to indemnify the trustee and any paying agent for and to hold them harmless against any loss, liability or expense reasonably incurred without fraudulent activity, gross negligence or willful misconduct on their part arising out of or in connection with actions taken or

omitted by any of them in reliance on any such officers' certificate furnished pursuant to this paragraph or on the fact that any officers' certificate contemplated by this paragraph has not been furnished.

Whenever there is mentioned, in any context, the payment of principal, premium or interest in respect of any debt security, such mention shall be deemed to include the payment of Additional Amounts provided for in the indenture, to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof pursuant to the indenture.

The foregoing provisions shall apply in the same manner with respect to the jurisdiction in which any successor Person to us is organized or resident for tax purposes or any authority therein or thereof having the power to tax (a "Successor Jurisdiction"), substituting such Successor Jurisdiction for the Relevant Jurisdiction.

Our obligation to make payments of Additional Amounts under the terms and conditions described above will survive any termination, defeasance or discharge of the indenture.

Tax Redemption

Each series of debt securities may be redeemed at any time, at our option, in whole but not in part, upon notice as described below, at a redemption price equal to 100% of the principal amount thereof, together with accrued and unpaid interest, if any, to, but not including, the date fixed for redemption, if (i) as a result of any change in, or amendment to, the laws or regulations of the Relevant Jurisdiction (or, in the case of Additional Amounts payable by a successor Person to us, the applicable Successor Jurisdiction), or any change in the official application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the issue date of the applicable series of debt securities (or, in the case of Additional Amounts payable by a successor Person to us, the date on which such successor Person to us became such pursuant to the applicable provisions of the indenture) (a "Tax Change"), we or any such successor Person to us is, or would be, obligated to pay Additional Amounts upon the next payment of principal, premium (if any) or interest in respect of such debt securities and (ii) such obligation cannot be avoided by us or any such successor Person to us taking reasonable measures available to it, provided that changing our or such successor Person's jurisdiction is not a reasonable measure for purposes of this section.

Prior to the giving of any notice of redemption of debt securities pursuant to the foregoing, we or any such successor Person to us shall deliver to the trustee (i) a notice of such redemption election, (ii) an opinion of an independent legal counsel or an opinion of an independent tax consultant to the effect that we or any such successor Person to us is, or would become, obligated to pay such Additional Amounts as the result of a Tax Change and (iii) an officers' certificate from us or any such successor Person to us, stating that such amendment or change has occurred, describing the facts leading thereto and stating that such requirement cannot be avoided by us or any such successor Person to us taking reasonable measures available to it.

Notice of redemption of debt securities as provided above shall be given to the holders not less than 30 nor more than 60 days prior to the date fixed for redemption; provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which we or any such successor Person to us would be required to pay Additional Amounts if a payment in respect of such debt securities was then due. Notice having been given, the debt securities of that series shall become due and payable on the date fixed for redemption and will be paid at the redemption price, together with accrued and unpaid interest, if any, to, but not including, the date fixed for redemption, at the place or places of payment and in the manner specified in that series of the debt securities. From and after the redemption date, if moneys for the redemption of such debt securities shall have been made available as provided in the indenture for redemption on the redemption date, the debt securities of such series shall cease to bear interest, and the only right of the holders of such debt securities shall be to receive payment of the redemption price and accrued and unpaid interest, if any, to, but not including, the date fixed for redemption.

Open Market Purchases

We or any of our Controlled Entities may, in accordance with all applicable laws and regulations, at any time purchase the debt securities issued under the indenture in the open market or otherwise at any price, so long as such purchase does not otherwise violate the terms of the indenture. The debt securities so purchased, while held by or on behalf of us or any of our Controlled Entities, shall not be deemed to be outstanding for the purposes of determining whether the holders of the requisite principal amount of outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver hereunder.

Modification and Waiver

The indenture contains provisions permitting us and the trustee, without the consent of the holders of the applicable series of debt securities, to execute supplemental indentures for certain enumerated purposes in the indenture and, with the consent of the holders of not less than a majority in aggregate principal amount of the applicable series of debt securities then outstanding under the indenture, to add, change, eliminate or modify in any way the provisions of the indenture or any supplemental indentures or to change or modify in any manner the rights of the holders of such debt securities. We and the trustee may not, however, without the consent of each holder of the debt securities of the applicable series affected thereby:

- (i) change the Stated Maturity of any debt security;
- (ii) reduce the principal amount of, payments of interest on or stated time for payment of interest on any debt security;
- (iii) change any obligation of ours to pay Additional Amounts with respect to any debt security;
- (iv) change the currency of payment of the principal of, premium (if any) or interest on any debt security;
- (v) reduce the amount of the principal of an original issue discount security that would be due and payable upon a declaration of acceleration of the maturity thereof;
- (vi) impair the right to institute suit for the enforcement of any payment due on or with respect to any debt security;
- (vii) reduce the above stated percentage of outstanding debt securities necessary to modify or amend the indenture;
- (viii) reduce the percentage of the aggregate principal amount of outstanding debt securities of that series necessary for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults;
- (ix) modify the provisions of the indenture with respect to modification and waiver;
- (x) amend, change or modify any provision of the indenture or the related definition affecting the ranking of any series of debt securities in a manner which adversely affects the holders of such debt securities; or
- (xi) reduce the amount of the premium payable upon the redemption or repurchase of any series of debt securities or change the time at which any series of debt securities may be redeemed or repurchased as described above under “—Tax Redemption” or as described in the applicable prospectus supplement.

The holders of not less than a majority in principal amount of the debt securities of any series then outstanding may on behalf of all holders of the debt securities of that series waive any existing or past Default or Event of Default and its consequences under the indenture, except a continuing Default or Event of Default (i) in the payment of principal of, premium (if any) or interest on (or Additional Amount payable in respect of), the debt securities of such series then outstanding, in which event the consent of all holders of the debt securities of such series then outstanding affected thereby is required, or (ii) in respect of a covenant or provision which under

Table of Contents

the indenture cannot be modified or amended without the consent of the holder of each debt security of such series then outstanding affected thereby. Any such waivers will be conclusive and binding on all holders of that series of debt securities, whether or not they have given consent to such waivers, and on all future holders of such debt securities, whether or not notation of such waivers is made upon such debt securities. Any instrument given by or on behalf of any holder of a debt security of that series in connection with any consent to any such waiver will be irrevocable once given and will be conclusive and binding on all subsequent holders of such debt security.

Notwithstanding the foregoing, without the consent of any holder of the securities, we and the trustee may amend the indenture and the relevant debt securities to, among other things:

- (i) cure any ambiguity, omission, defect or inconsistency contained in the indenture or in any supplemental indenture; provided, however, that such amendment does not materially and adversely affect the rights of holders;
- (ii) evidence the succession of another corporation to the Company, or successive successions, and the assumption by such successor of the covenants and obligations of the Company contained in the debt securities of one or more series and in this indenture or any supplemental indenture;
- (iii) comply with the rules of any applicable depository;
- (iv) secure any series of debt securities;
- (v) add to the covenants and agreements of the Company, to be observed thereafter and during the period, if any, in such supplemental indenture or indentures expressed, and to add Events of Default, in each case for the protection or benefit of the holders of all or any series of the debt securities (and if such covenants, agreements and Events of Default are to be for the benefit of fewer than all series of debt securities, stating that such covenants, agreements and Events of Default are expressly being included for the benefit of such series as shall be identified therein), or to surrender any right or power herein conferred upon the Company;
- (vi) make any change in any series of debt securities that does not adversely affect the legal rights under the indenture of any holder of such debt securities in any material respect;
- (vii) evidence and provide for the acceptance of an appointment under the indenture of a successor trustee; provided that the successor trustee is otherwise qualified and eligible to act as such under the terms thereof;
- (viii) conform the text of the indenture or any series of the debt securities to any provision of this "Description of Debt Securities" to the extent that such provision in this prospectus was intended to be a verbatim recitation of a provision of the indenture or such series of the debt securities as evidenced by an officers' certificate;
- (ix) make any amendment to the provisions of the indenture relating to the transfer and legending of debt securities as permitted by the indenture, including, but not limited to, facilitating the issuance and administration of any series of the debt securities or, if incurred in compliance with the indenture, additional debt securities; provided, however, that (A) compliance with the indenture as so amended would not result in any series of the debt securities being transferred in violation of the Securities Act or any applicable securities law and (B) such amendment does not materially and adversely affect the rights of holders to transfer debt securities;
- (x) change or eliminate any of the provisions of the indenture; provided that any such change or elimination shall become effective only when there is no outstanding debt security of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision and as to which such supplemental indenture would apply;
- (xi) make any amendment to the indenture necessary to qualify the indenture under the Trust Indenture Act;
- (xii) add guarantors or co-obligors with respect to any series of debt securities; and

Table of Contents

- (xiii) establish the form and terms of debt securities of any series as permitted under the indenture, or to provide for the issuance of additional debt securities in accordance with the limitations set forth in the indenture, or to add to the conditions, limitations or restrictions on the authorized amount, terms or purposes of issue, authentication or delivery of the debt securities of any series, as herein set forth, or other conditions, limitations or restrictions thereafter to be observed.

The consent of the holders is not necessary under the indenture to approve the particular form of any proposed amendment, supplement or waiver. It is sufficient if such consent approves the substance of the proposed amendment or supplement. A consent to any amendment, supplement or waiver under the indenture by any holder given in connection with a tender of such holder's debt securities will not be rendered invalid by such tender. After an amendment, supplement or waiver under the indenture becomes effective, we are required to give to the holders a notice briefly describing such amendment, supplement or waiver. However, the failure to give such notice to all the holders, or any defect in the notice will not impair or affect the validity of the amendment, supplement or waiver.

Consolidation, Merger and Sale of Assets

The indenture provides that we may not consolidate with or merge into any other Person in a transaction in which we are not the surviving entity, or convey, transfer or lease our properties and assets substantially as an entirety to, any Person unless:

- (i) any Person formed by such consolidation or into which we are merged or to whom we have conveyed, transferred or leased our properties and assets substantially as an entirety is a corporation, partnership, trust or other entity validly existing under the laws of the British Virgin Islands, the Cayman Islands or Hong Kong and such Person expressly assumes by indentures supplemental to the indenture all of our obligations under the indenture and the debt securities issued under the indenture, including the obligation to pay Additional Amounts with respect to any jurisdiction in which it is organized or resident for tax purposes;
- (ii) immediately after giving effect to the transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; and
- (iii) we have delivered to the trustee an officers' certificate and an opinion of independent legal counsel, each stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indentures comply with the indenture and that all conditions precedent therein provided for relating to such transaction have been complied with.

Payments for Consent

We will not, and will not permit any of our Controlled Entities to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of debt securities of any series for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the debt securities of such series unless such consideration is offered to be paid and is paid to all holders of the relevant series of debt securities that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or amendment.

Events of Default

Under the terms of the indenture, each of the following constitutes an Event of Default for a series of debt securities unless, as otherwise stated in the applicable prospectus supplement, it is either inapplicable to a particular series or it is specifically deleted or modified:

- (i) failure to pay principal or premium in respect of any debt securities of that series by the due date for such payment;
- (ii) failure to pay interest on any debt securities of that series within 30 days after the due date for such payment;

Table of Contents

- (iii) we default in the performance of or breach our obligations under the “—Consolidation, Merger and Sale of Assets” covenant;
- (iv) we default in the performance of or breach any covenant or agreement in the indenture or under the debt securities of that series (other than a default specified in clause (i), (ii) or (iii) above) and such default or breach continues for a period of 30 consecutive days after written notice by the trustee or the holders of 25% or more in aggregate principal amount of the debt securities of that series;
- (v) (1) there occurs with respect to any of our indebtedness or indebtedness of any of our Principal Controlled Entities, whether such indebtedness now exists or shall hereafter be created, (A) an event of default that has resulted in the holder thereof declaring the principal of such indebtedness to be due and payable prior to its stated maturity or (B) a failure to make a payment of principal, interest or premium when due (after giving effect to the expiration of any applicable grace period therefor, a “Payment Default”) and (2) the outstanding principal amount of such indebtedness, together with the outstanding principal amount of any other indebtedness of such Persons under which there has been a Payment Default or the maturity of which has been so accelerated, is equal to or exceeds the greater of (x) US\$100,000,000 (or the Dollar Equivalent thereof) and (y) 2.5% of our Total Equity;
- (vi) one or more final judgments or orders for the payment of money are rendered against us or any of our Principal Controlled Entities and are not paid or discharged, and there is a period of 90 consecutive days following entry of the final judgment or order that causes the aggregate amount for all such final judgments or orders outstanding and not paid or discharged against all such Persons (net of any amounts that our insurance carriers have paid or agreed to pay with respect thereto under applicable policies) to exceed the greater of (x) US\$100,000,000 (or the Dollar Equivalent thereof) and (y) 2.5% of our Total Equity, during which a stay of enforcement, by reason of a pending appeal or otherwise, is not in effect;
- (vii) the entry by a court having jurisdiction in the premises of (i) a decree or order for relief in respect of us or any of our Principal Controlled Entities in an involuntary case or proceeding under any applicable bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging us or any of our Principal Controlled Entities bankrupt or insolvent, or approving as final and nonappealable a petition seeking reorganization, arrangement, adjustment, or composition of or in respect of us or any of our Principal Controlled Entities under any applicable bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator, or other similar official of us or any of our Principal Controlled Entities or of any substantial part of their respective property, or ordering the winding up or liquidation of their respective affairs (or any similar relief granted under any foreign laws), and in any such case the continuance of any such decree or order for relief or any such other decree or order unstayed and in effect for a period of 90 consecutive calendar days;
- (viii) the commencement by us or any of our Principal Controlled Entities of a voluntary case or proceeding under any applicable state or foreign bankruptcy, insolvency or other similar law or of any other case or proceeding to be adjudicated bankrupt or insolvent, or the consent by us or any Principal Controlled Entity to the entry of a decree or order for relief in respect of us or any of our Principal Controlled Entities in an involuntary case or proceeding under any applicable bankruptcy, insolvency or other similar law or the commencement of any bankruptcy or insolvency case or proceeding against us or any Principal Controlled Entity, or the filing by us or any Principal Controlled Entity of a petition or answer or consent seeking reorganization or relief with respect to us or any of our Principal Controlled Entities under any applicable bankruptcy, insolvency or other similar law, or the consent by us or any Principal Controlled Entity to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator, or other similar official of us or any of our Principal Controlled Entities or of any substantial part of their respective property pursuant to any such law, or the making by us or any of our Principal Controlled Entities of a general assignment for the benefit of creditors in respect of any indebtedness as a result of an inability to pay such indebtedness as it becomes due, or the admission

by us or any of our Principal Controlled Entities in writing of our inability to pay our debts generally as they become due, or the taking of corporate action by us or any of our Principal Controlled Entities that resolves to commence any such action;

- (ix) the debt securities of that series or the indenture is or becomes or is claimed by us to be unenforceable, invalid or ceases to be in full force and effect otherwise than is permitted by the indenture; and
- (x) any other event of default described in the applicable prospectus supplement.

However, a default under clause (iv) of the preceding paragraph will not constitute an Event of Default until the trustee or the holders of 25% in principal amount of the then outstanding debt securities of that series provide written notice to us of the default and we do not cure such default within the time specified in clause (iv) of the preceding paragraph after receipt of such notice.

If an Event of Default (other than an Event of Default described in clauses (vii) and (viii) above) shall occur and be continuing, either the trustee or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding by written notice as provided in the indenture may declare the unpaid principal amount of such debt securities and any accrued and unpaid interest thereon (and any Additional Amount payable in respect thereof) to be due and payable immediately upon receipt of such notice. If an Event of Default in clause (v) above shall occur, the declaration of acceleration of the debt securities shall be automatically annulled if the default triggering such Event of Default pursuant to clause (v) shall be remedied or cured by us or any of our Principal Controlled Entities or waived by the holders of the relevant indebtedness within 30 days after the declaration of acceleration with respect thereto and if (1) the annulment of the acceleration of the debt securities of that series would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all Events of Default, other than the non-payment of principal, premium (if any) or interest on the debt securities of that series that became due solely because of the acceleration of the debt securities of that series, have been cured or waived. If an Event of Default in clauses (vii) or (viii) above shall occur, the unpaid principal amount of all the debt securities then outstanding and any accrued and unpaid interest thereon will automatically, and without any declaration or other action by the trustee or any holder of such debt securities, become immediately due and payable. After a declaration of acceleration but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of at least a majority in aggregate principal amount of the debt securities of that series then outstanding may, under certain circumstances, waive all past defaults and rescind and annul such acceleration if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all Events of Default, other than the non-payment of principal, premium, if any, or interest on such debt securities that became due solely because of the acceleration of such debt securities, have been cured or waived. For information as to waiver of defaults, see “—Modification and Waiver.”

Subject to the provisions of the indenture relating to the duties of the trustee, in case an Event of Default shall occur and be continuing, the trustee will be under no obligation to exercise any of the trusts or powers vested in it by the indenture at the request, order or direction of any of the holders of debt securities, unless such holders shall have offered to the trustee pre-funding, security and/or indemnity reasonably satisfactory to it against the costs, expenses and liabilities which may be incurred therein or thereby. Subject to certain provisions, including those requiring pre-funding, security and/or indemnification of the trustee, the holders of a majority in aggregate principal amount of the debt securities of a series then outstanding will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or the debt securities, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless (i) such holder has previously given to the trustee written notice of a continuing Event of Default with respect to the debt securities of that series, (ii) the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding have made written request to the trustee to institute such proceeding, (iii) such holder or holders have

offered pre-funding, security and/or indemnity reasonably satisfactory to the trustee and (iv) the trustee has failed to institute such proceeding, and has not received from the holders of a majority in aggregate principal amount of the debt securities of that series then outstanding a direction inconsistent with such request, within 60 days after such notice, request and offer. However, such limitations do not apply to a suit instituted by a holder of a debt security for the enforcement of the right to receive payment of the principal of, premium (if any) or interest on such debt security on or after the applicable due date specified in such debt security.

Legal Defeasance and Covenant Defeasance

The indenture will provide that we may at our option and at any time elect to have all of our obligations discharged with respect to the outstanding debt securities of a series (“Legal Defeasance”) except for:

- (1) the rights of holders of the debt securities of that series that are then outstanding to receive payments in respect of the principal of, or interest or premium on such debt securities when such payments are due from the trust referred to below;
- (2) our obligations with respect to the debt securities of that series concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee for the debt securities of that series, and our obligations in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance (as defined below) provisions of the indenture for the debt securities of that series.

The indenture will provide that, we may, at our option and at any time, elect to have our obligations with respect to the outstanding debt securities of a series released with respect to certain covenants (including our obligations under the headings “Consolidation, Merger and Sale of Assets” and “Payments for Consents”) that are described in the indenture (“Covenant Defeasance”) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under the caption “—Events of Default” will no longer constitute an Event of Default.

The indenture will also provide that, in order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) we must irrevocably deposit with the trustee, in trust, for the benefit of the holders of all debt securities of that series subject to Legal Defeasance or Covenant Defeasance, cash in U.S. dollars, U.S. Government Obligation, or a combination of cash in U.S. dollars and U.S. Government Obligation, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants to pay the principal of, or interest and premium on such notes that are then outstanding on the Stated Maturity or on the applicable redemption date, as the case may be, and we must specify whether such debt securities are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, we must deliver to the trustee an opinion of independent legal counsel reasonably acceptable to the trustee confirming that (a) we have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of independent legal counsel will confirm that, the beneficial owners of the then outstanding debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, we must deliver to the trustee an opinion of independent legal counsel reasonably acceptable to the trustee confirming that the beneficial owners of the then

outstanding debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

- (4) no Default or Event of Default with respect to the debt securities of that series must have occurred and be continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit);
- (5) we must deliver to the trustee an officers' certificate stating that the deposit was not made by us with the intent of preferring the holders of debt securities of that series over our other creditors with the intent of defeating, hindering, delaying or defrauding our creditors or others; and
- (6) we must deliver to the trustee an officers' certificate and an opinion of independent legal counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect with respect to debt securities of a series when:

- (1) either:
 - (a) all debt securities of that series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or
 - (b) all debt securities of that series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders of the debt securities of such series, cash in U.S. dollars, U.S. Government Obligation, or a combination of cash in U.S. dollars and U.S. Government Obligation, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on such debt securities not delivered to the trustee for cancellation for principal, premium and accrued interest to the date of maturity or redemption;
- (2) no Default or Event of Default under the indenture has occurred and is continuing with respect to the debt securities of that series on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which we are a party or by which we are bound;
- (3) we have paid or caused to be paid all sums payable by us under the indenture with respect to the debt securities of that series; and
- (4) we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities of that series at maturity or the redemption date, as the case may be.

In addition, we must deliver an officers' certificate and an opinion of independent legal counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

The trustee under the indenture is The Bank of New York Mellon. Pursuant to the indenture, the trustee will be designated by us as the initial paying and transfer agent and registrar for the debt securities. The corporate

[Table of Contents](#)

trust office of the trustee is currently located at 101 Barclay Street, 21st Floor West, New York, New York 10286, United States, Attention: Global Corporate Trust.

The indenture provides that the trustee, except during the continuance of an Event of Default, undertakes to perform such duties and only such duties as are specifically set forth therein. If an Event of Default has occurred and is continuing, the trustee will exercise such of the rights and powers vested in it by the indenture, and use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

The trustee in its various capacities assumes no responsibility for the accuracy or completeness of the information concerning the Company or its affiliates or any other party referenced in this prospectus or any prospectus supplement or for any failure by the Company or any other party to disclose events that may have occurred and may affect the significance or accuracy of such information.

Whenever the trustee shall have discretion or permissive power in accordance with the indenture or the law, the trustee may decline to exercise the same in the absence of approval by the holders and shall have no obligation to exercise the same unless it has received pre-funding, been indemnified and/or provided with security to its satisfaction against all actions, proceedings, claims, actions or demands to which it may render itself liable and all costs, damages, charges, expenses and liabilities which it may incur by so doing. The trustee in its various capacities shall in no event be responsible for consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit).

Subject to the terms of the indenture and the Trust Indenture Act, the trustee is permitted to engage in other transactions with the Company and its affiliates and can profit therefrom without being obliged to account for such profit; and the trustee shall not be under any obligation to monitor any conflict of interest, if any, which may arise between itself and such other parties. The trustee may have interest in, or may be providing, or may in the future provide financial services to other parties.

Currency Indemnity

To the fullest extent permitted by law, our obligations to any holder of debt securities under the indenture or the applicable series of debt securities, as the case may be, shall, notwithstanding any judgment in a currency (the "Judgment Currency") other than U.S. dollars (the "Agreement Currency"), be discharged only to the extent that on the Business Day following receipt by such holder or the trustee, as the case may be, of any amount in the Judgment Currency, such holder or the trustee, as the case may be, may in accordance with normal banking procedures purchase the Agreement Currency with the Judgment Currency. If the amount of the Agreement Currency so purchased is less than the amount originally to be paid to such holder or the trustee, as the case may be, in the Agreement Currency, we agree, as a separate obligation and notwithstanding such judgment, to pay the difference and if the amount of the Agreement Currency so purchased exceeds the amount originally to be paid to such holder, such holder or the trustee, as the case may be, agrees to pay to or for our account such excess, provided that such holder shall not have any obligation to pay any such excess as long as a default by us in our obligations under the indenture or the debt securities of such series has occurred and is continuing, in which case such excess may be applied by such holder to such obligations.

Notices

Notices to holders of debt securities will be mailed to them (or the first named of joint holders) by first class mail (or, if first class mail is unavailable, by airmail) at their respective addresses in the register.

Governing Law and Consent to Jurisdiction

The indenture and the debt securities will be governed by and will be construed in accordance with the laws of the State of New York. We have agreed that any action arising out of or based upon the indenture may be

instituted in any U.S. federal or New York State court located in the Borough of Manhattan, The City of New York, and have irrevocably submitted to the non-exclusive jurisdiction of any such court in any such action. We have appointed CT Corporation System as our agent upon which process may be served in any such action.

We have agreed that, to the extent that we are or become entitled to any sovereign or other immunity, we will waive such immunity in respect of our obligations under the indenture.

LEGAL OWNERSHIP OF DEBT SECURITIES

In this prospectus and the applicable prospectus supplement, when we refer to the “holders” of debt securities as being entitled to specified rights or payments, we mean only the actual legal holders of the debt securities. While you will be the holder if you hold a security registered in your name, more often than not the registered holder will actually be a broker, bank, other financial institution or, in the case of a global security, a depository. Our obligations, as well as the obligations of the trustee, any registrar, any depository and any third parties employed by us or the other entities listed above, run only to persons who are registered as holders of our debt securities, except as may be specifically provided for in a contract governing the debt securities. For example, once we make payment to the registered holder, we have no further responsibility for the payment even if that registered holder is legally required to pass the payment along to you as a street name customer but does not do so.

Street Name and Other Indirect Holders

Holding debt securities in accounts at banks or brokers is called holding in “street name.” If you hold our debt securities in street name, we will recognize only the bank or broker, or the financial institution that the bank or broker uses to hold the debt securities, as a holder. These intermediary banks, brokers, other financial institutions and depositories pass along principal, interest, dividends and other payments, if any, on the debt securities, either because they agree to do so in their customer agreements or because they are legally required to do so. This means that if you are an indirect holder, you will need to coordinate with the institution through which you hold your interest in a security in order to determine how the provisions involving holders described in this prospectus and any prospectus supplement will actually apply to you. For example, if the debt security in which you hold a beneficial interest in street name can be repaid at the option of the holder, you cannot redeem it yourself by following the procedures described in the prospectus supplement relating to that security. Instead, you would need to cause the institution through which you hold your interest to take those actions on your behalf. Your institution may have procedures and deadlines different from or additional to those described in the applicable prospectus supplement.

If you hold our debt securities in street name or through other indirect means, you should check with the institution through which you hold your interest in a security to find out, among others:

- how it handles payments and notices with respect to the debt securities;
- whether it imposes fees or charges;
- how it handles voting, if applicable;
- how and when you should notify it to exercise on your behalf any rights or options that may exist under the debt securities;
- whether and how you can instruct it to send you debt securities registered in your own name so you can be a direct holder; and
- how it would pursue rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests.

Global Securities

A global security is a special type of indirectly held security. If we issue debt securities in the form of global securities, the ultimate beneficial owners can only be indirect holders. We do this by requiring that the global security be registered in the name of a financial institution we select and by requiring that the debt securities included in the global security not be transferred to the name of any other direct holder unless the special circumstances described below occur. The financial institution that acts as the sole direct holder of the global security is called the “depository.” Any person wishing to own a security issued in global form must do so

[Table of Contents](#)

indirectly through an account with a broker, bank or other financial institution that in turn has an account with the depositary. The applicable prospectus supplement will indicate whether the debt securities will be issued only as global securities.

As an indirect holder, your rights relating to a global security will be governed by the account rules of your financial institution and of the depositary, as well as general laws relating to securities transfers. We will not recognize you as a holder of the debt securities and instead will deal only with the depositary that holds the global security.

You should be aware that if our debt securities are issued only in the form of global securities:

- you cannot have the debt securities registered in your own name;
- you cannot receive physical certificates for your interest in the debt securities;
- you will be a street name holder and must look to your own bank or broker for payments on the debt securities and protection of your legal rights relating to the debt securities;
- you may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their debt securities in the form of physical certificates;
- the depositary's policies will govern payments, dividends, transfers, exchange and other matters relating to your interest in the global security. We, the trustee and any registrar have no responsibility for any aspect of the depositary's actions or for its records of ownership interests in the global security. We, the trustee and any registrar also do not supervise the depositary in any way; and
- the depositary will require that interests in a global security be purchased or sold within its system using same-day funds for settlement.

In a few special situations described below, a global security representing our debt securities will terminate and interests in it will be exchanged for physical certificates representing the debt securities. After that exchange, the choice of whether to hold debt securities directly or in street name will be up to you. You must consult your bank or broker to find out how to have your interests in the debt securities transferred to your name, so that you will be a direct holder.

Unless we specify otherwise in the applicable prospectus supplement, the special situations for termination of a global security representing our debt securities are:

- the depositary has notified us that it is unwilling or unable to continue as depositary for such global security or the depositary ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, at a time when such depositary is required to be so registered in order to act as depositary, and, in each case, we do not or cannot appoint a successor depositary within 90 days;
- we decide in our sole discretion to allow some or all book-entry securities to be exchangeable for definitive securities in registered form; or
- upon request by holders, in case that an event of default with respect to the debt securities of the applicable series has occurred and is continuing.

The applicable prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of debt securities covered by such prospectus supplement. When a global security terminates, the depositary (and not us, the trustee or any registrar) is responsible for deciding the names of the institutions that will be the initial direct holders.

ENFORCEABILITY OF CIVIL LIABILITIES

We are incorporated in the Cayman Islands because of the following benefits found there:

- political and economic stability;
- an effective judicial system;
- a favorable tax system;
- the absence of exchange control or currency restrictions; and
- the availability of professional and support services.

However, certain disadvantages accompany incorporation in the Cayman Islands. These disadvantages include:

- the Cayman Islands has a less developed body of securities laws as compared to the United States and these securities laws provide significantly less protection to investors; and
- Cayman Islands companies may not have standing to sue before the federal courts of the United States.

Our constituent documents do not contain provisions requiring that disputes, including those arising under the securities laws of the United States, between us, our officers, directors and shareholders, be arbitrated.

Substantially all of our current operations are conducted in China, and substantially all of our assets are located in China. We have appointed CT Corporation System, which is located at 111 Eighth Avenue, 13th Floor, New York, NY 10011, as our agent upon whom process may be served in any action brought against us under the securities laws of the United States. A majority of our directors and officers are nationals or residents of jurisdictions other than the United States and a substantial portion of their assets are located outside the United States. As a result, it may be difficult for an investor to effect service of process within the United States upon these persons, or to enforce against us or them judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state in the United States.

Maples and Calder, our counsel as to Cayman Islands law, and Han Kun Law Offices, our counsel as to PRC law, have advised us that there is uncertainty as to whether the courts of the Cayman Islands and China, respectively, would:

- recognize or enforce judgments of United States courts obtained against us or our directors or officers predicated upon the civil liability provisions of the securities laws of the United States or any state in the United States; or
- entertain original actions brought in each respective jurisdiction against us or our directors or officers predicated upon the securities laws of the United States or any state in the United States.

Maples and Calder has advised us that there is no statutory recognition in the Cayman Islands of judgments obtained in the United States, although the courts of the Cayman Islands will in the circumstances described below, recognize and enforce a non-penal judgment of a foreign court of competent jurisdiction without retrial on the merits. While there is no binding authority on this point, this is likely to include, in certain circumstances, a non-penal judgment of a United States court imposing a monetary award based on the civil liability provisions of the U.S. federal securities laws.

Maples and Calder has further advised us that a judgment obtained in the United States will be recognized and enforced in the courts of the Cayman Islands at common law, without any re-examination of the merits of the underlying dispute, by an action commenced on the foreign judgment debt in the Grand Court of the Cayman Islands, provided such judgment (1) is given by a foreign court of competent jurisdiction; (2) imposes on the

judgment debtor a liability to pay a liquidated sum for which the judgment has been given; (3) is final; (4) is not in respect of taxes, a fine or a penalty; and (5) was not obtained in a manner and is not of a kind the enforcement of which is contrary to natural justice or the public policy of the Cayman Islands. The Grand Court of the Cayman Islands may stay proceedings if concurrent proceedings are being brought elsewhere. Neither the United States or the PRC has a treaty with the Cayman Islands providing for reciprocal recognition and enforcement of judgments of courts of the United States or the PRC, respectively, in civil and commercial matters.

Han Kun Law Offices has further advised us that the recognition and enforcement of foreign judgments are provided for under the PRC Civil Procedures Law. PRC courts may recognize and enforce foreign judgments in accordance with the requirements of the PRC Civil Procedures Law based either on treaties between China and the country where the judgment is made or on principles of reciprocity between jurisdictions. China does not have any treaties or other form of reciprocity with the United States that provide for the reciprocal recognition and enforcement of foreign judgments. In addition, according to the PRC Civil Procedures Law, courts in the PRC will not enforce a foreign judgment against us or our directors and officers if they decide that the judgment violates the basic principles of PRC law or national sovereignty, security or public interest. As a result, it is uncertain whether and on what basis a PRC court would enforce a judgment rendered by a court in the United States.
